WELCOME

Dear Student,

The Institute of Interpersonal Hypnotherapy welcomes you to our school and congratulates you for having selected an exceptionally exciting path for your future education. Our common efforts will allow you to develop skills and practical knowledge that will enhance your life as well as the lives of the many people you will help to facilitate change in.

Our school offers a variety of programs ranging from introductory to advanced training in the most up-to-date hypnotherapeutic techniques and protocols. At the Institute, you will find a professional and personalized style of instruction that will assist you in becoming a very well-trained hypnotherapist who can graduate with confidence in your training and with the skills you need to conduct a successful, professional hypnotherapy practice.

You have made a commitment to your future, and today we offer you our support to see you walk forward with one of the most powerful tools you will ever hold in your hands — an education.

Sincerely,

Matthew Brownstein

Mission Statement

The purpose of the Institute of Interpersonal Hypnotherapy is to train students as Certified Hypnotherapists, Certified Clinical Hypnotherapists, and Certified Transpersonal Hypnotherapists through the International Association of Interpersonal Hypnotherapists by offering a high-quality education in the field of Hypnotherapy while creating professional, ethical, and exceptionally well-trained hypnotherapists.

Philosophy and Objective

The Institute of Interpersonal Hypnotherapy provides the highest quality education possible in the fields of hypnotherapy and its related modalities. The Institute of Interpersonal Hypnotherapy's educational aim is to train, guide, and help motivate students to effectively make their way into a professional hypnotherapy practice, and create for themselves a fulfilling career that aims to be of service to others. In addition to helping students acquire the necessary knowledge and skills, the Institute also places great emphasis on the student's personal development.

History

The Institute of Interpersonal Hypnotherapy was originally founded in 2007 by Matthew J. Brownstein as the Florida Institute of Hypnotherapy in Gainesville, Florida. The school relocated to Tampa, Florida in 2011. Matthew began his hypnotherapy career in 1997 and after ten years of successful practice he opened the Institute with a first class of 25 students through the support of his mentor Mr. Gil Boyne. The corporate name changed from Anahat Meditation Center to Anahat Education Group in 2012 to better reflect the mission of the corporation itself. Around the same time, Anahat Education Group relocated to One Tampa City Center and operated on the 34th floor of a downtown Tampa skyscraper, yet for the ease of student accessibility, the school relocated to 2901 West Busch Blvd. #806 and then found its way to 2805 West Busch Blvd. #103, Tampa, Florida which proved to be an ideal space for the overall student experience. In 2020, the Institute gained Commission for Independent Education approval to offer all programs online as well as in the previous hybrid format.

Facilities and Equipment

The Institute of Interpersonal Hypnotherapy operates out of Anahat Education Group's corporate offices in a 1,451 sq. ft. space, which is located at 2805 West Busch Boulevard, Suite #103, Tampa, Florida, 33618. The Institute has one large classroom, four offices, a student lounge, a waiting area, and a reference library. The classroom is well lit and contains teaching aids including audio/visual equipment. Note: The Institute of Interpersonal Hypnotherapy is equipped to serve students with physical handicaps: handicap parking, access ramps and handicap restrooms are available.

Auxiliary Classroom

The Institute of Interpersonal Hypnotherapy is approved by the Florida Department of Education's Commission for Independent Education to offer distance learning in Hypnotherapy through our Tampa, Florida Location, as well as online. Students are required to have practicum hours as well. These occur online, in Tampa, or through our auxiliary classrooms which are successfully operating hypnotherapy clinics, where qualified directors, teachers, supervisors, and examiners monitor "hands-on" training. For

the April 2023 Class, practicums are held at our Tampa and Orlando, Florida locations or through online delivery.

Students may be required to travel up to 300 miles for required practicum agreements depending on the site chosen (or available). Students will be responsible for all travel costs and arrangements for the site chosen.

Auxiliary Classroom Locations:

Maitland Hypnosis Center - Director, Rene Brent

Phone: (407) 497-5285

Office Hours

Monday through Friday 9:00am – 5:30pm EST
(For class schedule, please refer to page 43 of this catalog.)

Family Educational Rights and Privacy

Pursuant to the Family Educational Rights and Privacy Act of 1974, as amended, a student or former student has the right to inspect his or her educational record maintained by the school. Students who wish to inspect their training records must schedule an appointment with the School Director. All record inspections will be done under the supervision of a member of the administrative staff. The Institute will not release any information about a student, unless authorized by the student in writing.

Special Note

Information in this catalog is accurate as of the time of publication. The Institute reserves the right to change courses of study, course content, fees, program requirements, class schedules, and the academic calendar, or to make other changes deemed necessary or desirable, giving advanced notice of the change whenever possible. Students currently enrolled will not be affected by tuition increases.

Non-Discrimination Policy Statement

The Institute of Interpersonal Hypnotherapy admits qualified students without regard to their race, religion, color, age, sex, sexual orientation, national or ethnic origin, disability, or any other characteristic protected by applicable law to the rights and privileges, programs, and other activities generally accorded or made available to students at the school.

Financial Obligations

Tuition must be paid on time according to the terms on the Enrollment Agreement. These terms include the following:

Each clock hour equals 50 minutes of classroom instruction and is \$19.50.

Additional expenses: \$182.65 total

- Up to \$182.65 + tax for textbooks (prices of books may vary slightly, optional books extra)

Optional expenses:

- \$125 to \$175 for International Association of Interpersonal Hypnotherapists certifications
- Additional mentoring/tutoring at \$75/hour
- Graduation dinner no more than \$50 per attendee

To apply for a seat in class, students must submit a minimum \$300, plus any additional tuition payment and tax. \$100.00 of this is a non-refundable registration fee. This deposit is then applied toward a student's tuition. Payment may be made in the form of cash, check, cashier's check, or major credit card.

Financial Aid is available in the form of student loans for those who qualify. Programs can be paid individually or all at once.

The initial fee for registration and certification through the International Association of Interpersonal Hypnotherapists is \$125.00 for the certification for Hypnotherapist. The additional certification of Clinical Hypnotherapist is \$25.00, and certification for Transpersonal Hypnotherapist is \$25.00. All three certifications cost \$175.00 every two years.

Students are not required by Florida Hypnosis Statutes to be certified to practice hypnosis or hypnotherapy. Certification through the International Association of Interpersonal Hypnotherapists is optional upon graduation. While other states or counties may operate under different laws, the student is advised to speak with our Director of Admissions to discuss specific needs and requirements. Students wishing to practice hypnosis or hypnotherapy outside of the state of Florida are responsible to check with the city, county and state where they plan to practice. The Institute does its best to educate students about applicable hypnosis laws, yet cannot be responsible for changes in law, interpretation of law, or laws that are unknown to us. Please see Appendix III of this catalog for specific information.

In case of extenuating circumstances, the student should consult the Director of Admissions.

Hypnosis Law by State

It is currently legal to practice hypnosis in all 50 United States, however there are certain laws that limit the practice of Hypnotherapy or Clinical Hypnotherapy. For instance, Colorado has made it a requirement to be a licensed psychotherapist to practice hypnotherapy and the state of Utah does not allow for the use of the word "Clinical" unless you are a licensed therapist. Hypnosis can be practiced by anyone, yet laws regarding its therapeutic uses are governed by some states. For more information about your respective State's laws, please visit <https://www.instituteofhypnotherapy.com/iaih-hypnosis-law/> or for more clarification please call us at 800-551-9247. These laws relate to programs Hypnotherapist, Clinical Hypnotherapist, and Transpersonal Hypnotherapist. More detailed descriptions of hypnosis laws are listed in Appendix III.

Reduction of Tuition or Fees

A reduction in tuition, fees, or other charges may be implemented when there are specific criteria for student eligibility and selection procedures precisely disclosed within a policy at the institution. All students within the enrollment period that the reduction is offered must be eligible to apply for this reduction under the same circumstance; however, there shall be no reduction based upon the timing or method of payment. The institution must maintain verifiable records including detailed and complete data when students are granted a bona fide reduction in tuition or fees. This must

include copies of all application records, notes of selection committee meetings, and copies of notices to the student who received the reduction. This information is kept on file at the institution for onsite review by the CIE.

Institute of Interpersonal Hypnotherapy policies abide by a strict scholarship protocol for a reduction in tuition if students meet certain enrollment criteria based upon an initial interview and approval process. While the Institute reserves the right to offer scholarships as a grant-in-aid, no scholarships or reductions in fees are available currently.

Scholarships

Currently, the Institute does not offer scholarships.

Admission Procedures

Persons interested in applying for admission to The Institute of Interpersonal Hypnotherapy should contact the Institution's Admissions Office and an Admissions Officer will guide you through the following admission procedures:

- Step One – Be interviewed by an Institute of Interpersonal Hypnotherapy Admissions Officer
- Step Two – Complete the Institute of Interpersonal Hypnotherapy's Enrollment Agreement
- Step Three – Provide the required deposit as found on the Enrollment Agreement or pay for programs in advance

Upon written notice by the student of any circumstances that require special accommodation, which must be disclosed at the time of the admission interview or prior to admission, The Institute of Interpersonal Hypnotherapy will consider those special accommodations that the student may require, and the ability to provide such special accommodations as a condition for admission.

Admission Requirements

All students must be 18 years of age or older, must be financially capable of paying for their own tuition and show a strong desire to become an ethical and certified hypnotherapist according to the standards of the International Association of Interpersonal Hypnotherapists. Credits from other institutions are not transferable towards an education at The Institute of Interpersonal Hypnotherapy.

Enrollment Agreement and Liability Waiver

Students sign an Enrollment Agreement and a Liability Waiver which is signed separately. The contents of the Enrollment Agreement and Liability Waiver are listed here. Please see Appendix I for the complete Enrollment Agreement and Appendix II for the complete Liability Waiver.

Academic Information

Credit for Prior Education

The Institute of Interpersonal Hypnotherapy does not accept transfer credits from other organizations towards a student's training at the Institute. If a student wishes to transfer credits achieved at The Institute of Interpersonal Hypnotherapy to another school, then it is at the sole discretion of that other school whether The Institute of Interpersonal Hypnotherapy credits will be accepted. The Institute of Interpersonal Hypnotherapy cannot guarantee transferability of credits between schools.

Class Schedule

Institute of Interpersonal Hypnotherapy training consists of three major components, each with its own schedule. These components consist of:

- Online pre-practicum seminar hours with Certified Instructors
- Interactive distance learning consisting of videos, training manuals, and student resources
- Supervised practicum hours

Online Pre-Practicum Seminar Schedule

Students attend live online classes with a Certified Instructor on days and times as posted in the schedule on page 43. These classes occur for two to three hours approximately every two weeks.

Interactive Distance Learning

Each week students are required to engage in our interactive learning system where specific videos are viewed in coordination with training manuals and the school's comprehensive online resource library of audio, video, PowerPoint and print media. These hours consist, on average, of approximately 12.5 clock hours per week.

Supervised Practicum Hours

Approximately once every eight weeks, students are required to attend practicum hours in our Tampa or Orlando locations or online for direct supervision of hypnotherapy techniques. These hours are from 8:30am to 6:30pm - Fridays, Saturdays, and Sundays. See the school schedule on page 43 for exact days, dates, and times.

All students are enrolled through the Tampa school location and take approximately 70% of their training online. 30% of a student's practicum training must be done in-house or online.

Student Support – Instructor Interactivity

Aside from live interactions during online pre-practicum seminar hours and supervised practicum Hours, students always have the support of an Institute of Interpersonal Hypnotherapy and International Association of Interpersonal Hypnotherapists Certified Instructor through any one of the following methods:

- Online website help link
- Emails to support@instituteofhypnotherapy.com
- Phone calls to 813-538-7000
- Additional mentoring hours with an IAIH Certified Mentor (fees may apply)

Class Size

For all Institute programs, the maximum number of students per class is as follow:

- Tampa – 25
- Orlando – 10
- Online – 25

The Institute works to keep a one-to-five instructor/supervisor-to-student ratio, where each group of five students has one qualified instructor or supervisor for all practicum seminar hours.

Attendance

Students can achieve the best results only by regularly attending class. The attendance record is part of each student's permanent record, in addition to grades. It is used to determine eligibility for having sufficient classroom hours to take the International Association of Interpersonal Hypnotherapists qualifying examinations for certification. If a student is ill or an emergency arises, the Institute must be notified in advance, if possible, for the student's absence to be excused. Unsatisfactory attendance is grounds for dismissal. Unsatisfactory attendance is defined as: 1. Less than 80% attendance in any given program without prior notification to the teacher, and 2. Being tardy more than four times.

Students must arrange for make-up hours with the Student Services Department for class hours that were missed. Make-up hours must be completed by the end of the current term in which the time and class work was missed. The deadline for make-up hours may be extended by the School Director. The student must sign and date the leave of absence request and specify a reason for the leave. The reason must be identified for the Institution to have a reasonable expectation of the student's return within the time frame of the leave of absence as requested.

Tardiness

Punctuality is an important factor in business and education. If a student is more than 15 minutes late for a class, it constitutes being tardy.

Leave of Absence

A leave of absence is a temporary break in a student's attendance during which he/she is considered to be continuously enrolled. The Institute policy is as follows:

1. A leave of absence may be granted for emergency situations such as a serious illness, debilitating injury, death in the immediate family, or other good cause.
2. A student must submit a written request for a leave of absence in advance of the beginning date of the leave of absence unless unforeseen circumstances prevent the student from doing so. If a student does not request a leave of absence within a timeframe consistent with the Institution's consecutive absence policy, he/she will be withdrawn. Please contact the Student Services office to process an LoA request and to discuss your rationale for the request.
3. The student must sign and date the leave of absence request and specify a reason for the leave. The reason must be identified in order for the institution to have a reasonable expectation of the student's return within the timeframe of the leave of absence as requested.
4. The student must attest to understanding the procedures and implications for returning or failing to return to his/her course of study.
5. The Institute documents its approval decision relative to the leave of absence request in accordance with its published policy.
6. The institution does not assess the student any additional charges as a result of the leave of absence.
7. The length and frequency of leaves of absence must not impede student progress and must be reasonable within the context of the institution's curriculum.
8. A leave of absence must be limited to a maximum of 180 calendar days in any 12-month period or one-half the published program length, whichever is shorter. Multiple leaves of absence may be permitted provided the total of the leaves does not exceed this limit. An approved leave of absence may be extended for an additional period of time provided that the extension request meets all of the above requirements.
9. If a student requests an LoA for training a physical location, they may be required to do all future practicum hours online.
10. When a student goes into LoA status, his/her seat in practicums is released and the student must reschedule into the next ongoing term.

Class/Enrollment Term Changes

A student must obtain permission from the Student Services Director in order to change his/her class schedule if he/she wishes to change the enrollment term in which he/she is enrolled. Changing from one class to another falls within the Leave of Absence policy.

Grading Systems

A	90 – 100%	Excellent	4.0 points
B	80 – 89%	Good	3.0 points
C	70 – 79%	Average	2.0 points
D	60 – 69%	Failed	1.0 points

F	59 – 0%	Failed	No points
I	Incomplete		
W	Withdraw		
X	Transfer		
S	Satisfactory		
U	Unsatisfactory		
R	Repeat		

Students will be given a copy of their progress report at the end of each program completed.

Satisfactory Academic Progress Policy

Qualitative Measure

Students must achieve a minimum 1.0 Grade Point Average (hereafter referred to as G.P.A.) at the end of the first 25% of each registered program, 1.5 G.P.A. by 50% of the program, and a 2.0 G.P.A. required in each program for graduation. A student that does not achieve the required G.P.A. will be placed on probation for the next course and is in “Satisfactory Progress”. If at the end of the probation period he/she has not achieved the required G.P.A., his/her training will be terminated.

With the completion of 300 hours of total training, a student is required to take the International Association of Interpersonal Hypnotherapists (IAIH) qualifying exam for certification. Satisfactory passing of this exam is required for IAIH certification as a Hypnotherapist and is a requirement for graduation from The Institute of Interpersonal Hypnotherapy. If a student does not pass this exam on the first attempt, then that student is allowed three more chances to pass the exam within a six-month period, which begins on the date that the first attempt occurred. Failure to achieve satisfactory marks within this time shall make the student ineligible to take this exam through Institute of Interpersonal Hypnotherapy.

Quantitative Measure

The maximum time limit given to a student to complete his/her training is one month past the ending of the last registered program. A student not meeting these criteria will be terminated for not making satisfactory academic progress.

Increments for Evaluation

To ensure that a student is making quantitative progress throughout their program of study, The Institute of Interpersonal Hypnotherapy will evaluate the student’s progress at 50% of the maximum time frame.

For instance, a student taking a 300-clock hour program that normally takes six months to complete has a maximum time frame of seven months. The student would have to complete the first 150 clock hours of the program within three and one-half months to be making satisfactory academic progress.

Additional Elements

Incomplete Grades

A grade of “I” must be completed by the second week after the exam date, or the grade will be changed to an “F” (G.P.A. will be recalculated accordingly). If not completed, the course must be taken later, which will delay the student’s graduation date. The student will be charged for the repeated course(s) at the prevailing tuition rate.

Failure to take appropriate action to complete a course and eliminate a grade of “I” may affect a student’s

satisfactory progress when the grade is converted to an “F”.

If a student demonstrates mitigating circumstances (such as illness, death in the family, etc.), an exception may be made upon appeal to and with the approval of the Institute’s Director.

Program Withdrawals

A grade of “W” will not be considered as clock hours successfully completed but will be counted as clock hours attempted. “W” grades are not calculated into the G.P.A.

Program Repetitions

Students may repeat programs in which they earn a grade of “D” or below. Both the original and repeated programs are counted as clock hours attempted. In computing the G.P.A., the clock hours for the program with the higher grade will be counted. The student will be charged the repeated program(s) at the prevailing tuition rate. Students may repeat a program as many times as needed to satisfactorily pass the course if these course repetitions do not affect the student in regard to the Satisfactory Academic Progress Policy.

Non-Credit Remedial Course Work

The Institute of Interpersonal Hypnotherapy does not offer any non-credit remedial courses.

Probation

Students not meeting satisfactory academic progress standards at the first checkpoint are automatically placed on a 30-day probation period. During probation, the student is considered to be making satisfactory progress. The student will be notified of the probation and must meet the terms of his/her probation as outlined in the notification or be terminated.

Failure to Meet Satisfactory Academic Policy, Appeals, and Reinstatement

Failure to Meet Satisfactory Academic Policy

A student failing to meet the Satisfactory Academic Policy standards will be terminated from the Institute and will be notified by certified mail of his or her failure to meet the standards.

Appeals

Students not meeting the satisfactory academic progress standards are notified by means of a letter from the Student Services Office. Students wishing to appeal the unsatisfactory academic progress determination must do so in writing, after 15 calendar days dated from the mailing of the letter sent by the Institute to the Institute of Interpersonal Hypnotherapy at 2805 West Busch Blvd. #103, Tampa, Florida, 33618.

Appeals should be directed to the Academic Progress Committee, which is composed of the School Director, the Student Services Director, and an instructor as chosen by the School’s Director. If the student is appealing the unsatisfactory progress determination based on mitigating circumstances, appropriate documentation might include a physician’s statement, accident report, or other statements. The Academic Progress Committee will notify the student of their decision within ten days of receiving the student’s appeal. The Academic Progress Committee’s decision is final.

Reinstatement

Students who have been dismissed for lack of satisfactory progress may apply to be readmitted to the Institution after waiting a period of four weeks. Such students will be enrolled for a probationary period upon re-entry. Students who have not maintained satisfactory progress can reestablish eligibility by

successfully completing sufficient clock hours and/or attaining the overall G.P.A. required by the end of the next incremental review period.

Other Policy Consideration

The Satisfactory Academic Progress Policy will include all periods of attendance and will be counted toward the maximum time frame and the qualitative component.

The Satisfactory Academic Progress Policy is applied consistently to all students.

Graduation Requirements

1. The satisfactory completion of all prescribed courses of instruction with a cumulative G.P.A. of 2.0 (C average) or better.
2. Satisfactory completion of IAIH exams for hypnotherapist certification.
3. Satisfaction of all financial obligations to the Institute.
4. Attendance of 70% or greater.

Transcripts

A complete transcript of each student's grades is kept in the student's permanent file. Students must request transcripts in writing. One copy is provided free at graduation (additional copies are available for a cost of \$2.00 each). Transcripts will not be issued unless the student's financial obligations to the Institute are current at the time of the request.

Student Services

Placement Assistance

The Institute of Interpersonal Hypnotherapy makes every effort to assist students/graduates in finding full- or part-time employment. From the day a student enters the school, the student is responsible for the recommendation that the school will submit to a potential employer. A student's academic record, attendance, personal characteristics, attitude, and personal demeanor will all contribute to the Institute's overall evaluation.

How a student thinks and feels, and the quality of work the student produces in school, may to a great degree reflect how the student will perform in his/her own career.

While the Institute of Interpersonal Hypnotherapy gladly assists students in obtaining suitable employment at no additional charge, it is understood that The Institute of Interpersonal Hypnotherapy **does NOT promise or guarantee placement for its students/graduates.** As most Institute of Interpersonal Hypnotherapy graduates will be self-employed, it is the sole responsibility of the student to build and maintain his/her own private hypnotherapy practice.

Financial Assistance

Financial assistance in the form of student loans is available for attending The Institute of Interpersonal Hypnotherapy for those who qualify. The Institute of Interpersonal Hypnotherapy offers financial assistance for all its programs. Students interested in financial assistance may contact our Admissions Office at (813) 463-0264. Students not utilizing financial assistance may pay for programs in advance or they may pay on a per section/program basis. See page 39 of this catalog for more information.

Student Advisement

Advisement and guidance begin with the admission's interview and continue throughout the student's course of study. Faculty consultation is possible for academic issues. An appointment may be required with the Student Services Director.

Housing

The Institute does not provide housing for its students. A list of reliable hotels near the school, and auxiliary classrooms, will be provided to students who request housing assistance at the time of enrollment.

Lost and Found

Students may check the administrative office for any lost and found items. Any items found on school premises should be turned into the administrative office. These items are kept for 30 days and then disposed of properly.

Personal Property

The Institute cannot be responsible for the student's books, materials, or any other personal belongings. Students are thus responsible for their belongings while in school.

Campus Security

Crimes may be reported to the School Director in person or by calling (813) 463-0264.

Library

The library is accessible to all students. It is open during normal school hours and whenever the doors to the Institute are unlocked. The library resources include books, CDs, videos/DVDs, audio tapes, magazines, and other periodicals. All materials must remain on campus, as lending is currently not available. All food and liquids are prohibited near library materials. Online audio and video resources are also available for students in good standing.

Institute Rules and Regulations

Drugs, Alcohol, Weapons, and Inappropriate Behavior/Conduct – Dismissal Policy

At the discretion of the School Director, a student may be dismissed from school for an intoxicated or drugged appearing state of behavior; possession of illegal substances, alcohol, or weapons on school premises; behavior creating a safety hazard to other persons at school; or disrespectful behavior to those at school, as determined by the School Director; or any other reason stated or determined inappropriate action or behavior by a student of The Institute of Interpersonal Hypnotherapy, by the School Director.

Grievance Policy

The school is committed to providing a sound and positive educational environment. Understanding that there may be times when students want to express concerns or feel the need to file an official grievance, the school has adopted the following procedure:

1. File the grievance in writing by email where receipt must be acknowledged by the School Director outlining the allegation or nature of the grievance to support@instituteofhypnotherapy.com.
2. Within 10 days of receipt of grievance, a school representative will meet with the student.

3. If the problem is not resolved through discussion, the student will be referred to the school's grievance committee.
4. The school's grievance committee will meet within 21 calendar days of receipt of the grievance and review allegations. The student must bring a copy of the written record of the prior meeting with the school representative.
5. If more information is needed, a letter will be written outlining the additional information requested.
6. If no other information is needed, the grievance committee will act on the allegations and a letter will be sent to the student within 15 calendar days stating the steps taken to resolve the concern or information showing that the allegations were not warranted or based on fact.

Students who feel their grievance is unresolved may refer their grievance to the following address: Commission for Independent Education, Florida Department of Education, 325 W. Gaines Street, Suite 1414, Tallahassee, Florida 32399-0400, (850) 245-3200, or toll free (888) 224-6684.

Probation

A student may be placed on probation for any of the following reasons:

1. Not maintaining satisfactory progress
2. Excessive absenteeism
3. Inappropriate behavior

Voluntary Withdrawal/Re-Entry

A student may withdraw from his/her program of study by requesting and completing a form supplied by the Admissions Office. All refunds, if applicable, will be made within 30 days from the last date of attendance or date written cancellation notification is received. It is understood that a student may request re-entry at a later date.

Health and Safety

The Institute of Interpersonal Hypnotherapy complies with requirements and regulations of state and local building codes, the Board of Health, and the fire department.

Adverse Weather and Emergency Closing

At times, emergencies such as severe weather, fire, power failures, or hurricanes can disrupt school operations. In extreme cases, these circumstances may require the closing of the school.

When the decision to close the Institute is made after the workday has begun, employees will receive official notification from the School Director and students will be informed appropriately.

Emergency Evacuation Plan

In case of fire or any other disaster, please listen to the School Director or the school officials in charge for instructions. All instructors are in charge of their class. Follow the evacuation plan to evacuate the building immediately in an organized and orderly manner. Do not take time to gather books or other belongings. The instructor of each class is the evacuation coordinator and shall maintain their class calm. The evacuation coordinator for the main office is the school official in charge.

In the event of fire, do not try to extinguish the fire. The evacuation coordinator or other school official will handle contacting the appropriate fire and rescue departments.

In case of a security problem, listen to the School Director or other school officials for security

directions. In all instances, you must remain calm.

The security person will coordinate with the Police Department the proper actions necessary to assure student and school personnel safety.

Evacuation Plan

There are exits at the front of The Institute of Interpersonal Hypnotherapy. In the event of an emergency, calmly head to the nearest exit.

Incidents/Accidents

In case of an incident or accident, please inform the School Director or the Instructor of your program so the appropriate forms and measures can be taken. In case of an emergency during school hours, the school will take appropriate action to obtain medical assistance.

Dress Code

The Institute expects students to come to school dressed in a manner that is appropriate for the profession in which they are training. Casual dress is acceptable yet should not be a distraction to one's fellow students.

Smoking and Beverages

Smoking is prohibited everywhere within the building and within 50 feet of building entrances. Food and beverages are not permitted in the classroom or offices. Only sealable bottles of water are allowed in the classroom.

Students Rights

The following information is made available to all current students and to any prospective student upon request.

1. The cost of attending the Institute, including: (I) tuition and fees, (II) books and supplies, (III) any additional cost of the program in which the student is enrolled or expresses a specific interest.
2. A copy of the refund policy.
3. The academic program of the Institution including: (I) educational and training programs, (II) the instructional laboratory and other facilities which relate to the academic program, and (III) faculty and other instructional personnel.
4. The methods by which, and locations in which students and prospective students may obtain the information concerning their rights.
5. The name of the associations, agencies, and/or governmental bodies which license the Institute and its programs, and the procedures under which any current or prospective student may obtain or review upon request a copy of the documents describing the Institute's licensing.

Student Responsibilities

1. Promptly providing any information requested by the Institute.
2. Keeping the Institute informed of any change in name, address, marital status, financial situation, or change in their student status.
3. Notifying the Institute if they need to withdraw from the school or wish to request a leave of absence.

Cancellation and Refund Policy

IIH Cancellation and Refund Policy is based on both State of Florida requirements and those of the Accrediting Council for Continuing Education and Training (ACCET). IIH compares the state's policy with ACCET's for all cancellations or withdrawals and applies the policy that is more lenient towards the student. The goal of this Policy is to ensure a fair and equitable, clearly defined, and uniformly administered refund policy for cancellations, withdrawals, and terminations.

IIH combines Florida's Fair Consumer Practices (Rule 6E-1.0032) and ACCET's Refund Policy to determine the amount of unearned tuition due to withdrawal:

- Students are financially obligated and responsible based on the enrollment period. For this purpose, the period of financial obligation is each program. During the first (1st) week of class, students have a drop/add period. If the student withdraws before the end of the first week, during the drop/add period, the student will be refunded all tuition and fees, except the \$150 admission fee.
- After the first week and through fifty percent (50%) of the period of obligation (the term), the tuition charges will not exceed a pro-rata of the tuition portion for the periods completed, plus a withdrawal fee of \$100.00.
- After fifty percent (50%) of the period of financial obligation is completed by the student, IIH may retain the full tuition for that period.

Program/Course Cancellations: IIH reserves the right to cancel any program or course for which there is insufficient enrollment.

A full refund of all tuition and fees is due and refundable in each of the following cases:

- If an enrollee is not accepted by IIH; or
- If the program of instruction is discontinued by IIH and this prevents the student from completing the program.

72 Hour Cancellation Policy: A full refund will be made to any student who cancels the enrollment contract within 72 hours after the Enrollment Agreement is signed, thus eliminating any and all financial obligation to the Institution.

Cancellation Prior to the Start of Class or No Show: If, after the 72-hour initial enrollment period, an applicant accepted by IIH cancels prior to the start of scheduled classes or never attends class (no-show), all monies paid will be refunded, less a \$150 registration fee.

Notice of Cancellation: Cancellation may be notified to IIH in person, by telephone, or in writing (including by email).

Cancellation Refunds: All applicable refunds will be made within 30 days of the date of determination (i.e., receipt of a cancellation notice from the student, or after 30 days of "no show" on the part of the student).

General Policy

IIH completes and documents refund calculations for each student who cancels, withdraws, or is withdrawn from training. To ensure timely and accurate refunds, IIH considers the following:

- Start Date.
- Last Date of Attendance (LDA).
- Date of Determination (DOD).
- Charges to the student.
- Total amount paid.
- Weeks earned and resulting percentage of program completed.

Date of Determination (DOD)

- The Date of Determination is the date the student provides written or verbal notice of withdrawal or the date IIH terminates the student for non-attendance, or by applying the attendance, conduct, or Satisfactory Academic Progress policies.

Last Day of Attendance (LDA)

- The Last Day of Attendance is the final day the student attends class (i.e., the last day of documented engagement).

Withdrawals and Terminations

A student may withdraw from IIH at any time and for any reason. A student shall be considered to be withdrawn if:

1. The student notifies the institution of his/her withdrawal.
2. IIH terminates the student's enrollment for failure to: maintain satisfactory progress; meet minimum attendance requirements; meet financial obligations to IIH; or for a breach of other IIH policies and procedures, or
3. Failure to attend class for 30 calendar days.
4. Failure to return from a leave of absence, or
5. Other conduct that merits termination for good cause.

Refund Calculations:

For an enrolled student, the refund due will be calculated using the Last Date of Attendance (LDA) and be paid within thirty (30) calendar days from the documented Date of Determination (DOD).

- Prior to 50% of completion of the period of financial obligation: Pro-rata refunds shall be applied using the weekly charge for the period of enrollment (total institutional charge, minus non-refundable fees, divided by the number of weeks in the period of enrollment), multiplied by the number of weeks required for full attendance in the period of enrollment.
- After 50% of completion of the period of financial obligation: No refunds will be issued.

Withdraw Policy

The Institute recognizes conditions may arise which can cause changes in plans of students; and that under such circumstances, provisions for cancellation should be made. **If cancellation is affected (under this clause), the student reserves the right to apply for reinstatement within one year of the date of enrollment.** Refunds shall be made within thirty days from the date of withdrawal.

Students leaving the Institute and having an outstanding balance will be required to pay the amount in full within thirty days. Delinquent accounts can and will be turned over to collections. Any costs related to the collection of the amount owed will be charged to the student's account.

Method for Collecting Delinquent Tuition and/or Other Monies Owed

1. Notification in writing stating outstanding balance
2. Follow-up phone call one week after written notification
3. Second written notification 30 days after first written notification
4. Follow-up phone call one week after second written notification

5. Third written notification 30 days after second written notification
6. Follow-up phone call one week after third written notification
7. Fourth written notification 30 days after third written notification
8. Final courtesy follow-up call
9. If satisfactory payment arrangements are not made, the student's balance will be reported to the credit bureaus.

Financial Probation

Students who fall behind more than 30 days on payments will receive notice as outlined in the school's catalog. In the event that a student is delinquent with tuition for more than 60 days, then the Institute reserves the right to suspend access to all online training and to all in-house practicum hours until the balance of tuition monies owed from the time of enrollment until the time the student requests full access again is paid in full. The Institute reserves the right to make exceptions on a case-by-case basis. Students who are on financial probation may need to pay for additional mentoring hours to catch up with their class or they may need to take a leave of absence and move to the next class.

TFC Student Financing

Late or delinquent payments are taken very seriously by our school. Any student whose account is in arrears will have their access to tests and quizzes suspended and will not be welcomed into practicum seminars until the arrears is rectified. Diplomas can only be awarded when a student has established and maintained a good faith pattern of payments for a minimum of six consecutive months or more, and when the student is in good standing with the school regarding tuition, attendance, and grades. Any late payment constitutes an interruption and will result in the six-month requirement re-starting from month one. The school reserves the right to prosecute delinquent loans to the fullest extent of the law. A default on a student loan will result in the account being referred to collections and could result in a negative report on one's credit score and possible legal action.

Policy for Course or Program Cancellation

The Institute of Interpersonal Hypnotherapy reserves the right to cancel a course or program if a minimum of ten students is not met. Students enrolled in a course/program that is canceled will be notified and automatically transferred to the next start date. In the event of an unforeseeable cancellation of courses, students will receive 100% of their tuition returned to them within 30 days of any official declaration of closure.

Course Numbering System

The following is an explanation of the course numbering system for programs offered at The Institute of Interpersonal Hypnotherapy. The course numbers are made up of numbers and letters that symbolize the name of the program and the sequence of the courses.

Program Hypnotherapist is required to take programs Clinical Hypnotherapist and Transpersonal Hypnotherapist. The student who has successfully completed program Hypnotherapist may take program Clinical Hypnotherapist and/or program Transpersonal Hypnotherapist.

Program – Hypnotherapist – 300 Hours Total

HT – Hypnotherapist – 300 Hours

Program – Clinical Hypnotherapist – 400 Hours Total (Including program Hypnotherapist)

CH – Clinical Hypnotherapist – 100 Hours

Program – Transpersonal Hypnotherapist – 500 Hours Total (Including programs Hypnotherapist and Clinical Hypnotherapist)

TP – Transpersonal Hypnotherapist – 100 Hours

IAIH Standards for Certification

IAIH Certified Hypnotherapist

Has completed at least three hundred (300) hours of instruction from an IAIH approved hypnotherapy school that is licensed by their state's Department of Education. The Hypnotherapist must also pass the IAIH written and practical skills exam and all online exams and attendance. Exceptions are considered on a non-discriminatory basis and may be granted by the Qualifying Board. (The Institute of Interpersonal Hypnotherapy program Hypnotherapist - HT).

IAIH Certified Clinical Hypnotherapist

Has completed at least four hundred (400) hours of instruction from an IAIH approved hypnotherapy school that is licensed by their state's Department of Education. The Hypnotherapist must also pass the IAIH written and practical skills exam and all online exams and attendance. Exceptions are considered on a non-discriminatory basis and may be granted by the Qualifying Board (The Institute of Interpersonal Hypnotherapy programs Clinical Hypnotherapist including HT and CH).

IAIH Certified Transpersonal Hypnotherapist

Has completed at least five hundred (500) hours of instruction from an IAIH approved hypnotherapy school that is licensed by their state's Department of Education. The Hypnotherapist must also pass the IAIH written and practical skills exam and all online exams and attendance. Exceptions are considered on a non-discriminatory basis and may be granted by the Qualifying Board. (The Institute of Interpersonal Hypnotherapy programs Clinical Hypnotherapist and Transpersonal Hypnotherapist including HT, CH, and TP).

Preparation for Certification

The Institute prepares students for IAIH certification by providing the necessary coursework to meet IAIH standards, while preparing students thoroughly to take the IAIH qualifying exam. We do this through our interactive distance learning training videos, training manuals, exam study guides, practicum seminar study guides, online live classes, and practicum seminar hours. Personal mentoring is also available for students requiring extra assistance. Test vouchers for authorized testing centers are not required as all exams are done online or in our Tampa and Orlando locations. There is no additional fee for taking exams through the Institute.

Program of Study – Hypnotherapist

Program Objective

To study and learn the concepts that relate to the field of Hypnotism. To achieve fundamental skills in the use of hypnotic induction and the effective delivery of suggestions. To educate students about the safe and effective use of hypnosis and its legal and ethical practice. To study and learn the concepts that relate to more advanced hypnotism practices which utilize the hypnotic state to promote positive change, while preparing the student to enter into a professional hypnotherapy practice with the required tools for successful business operations. To study and learn the concepts that relate to the field of regressive hypnotherapy, including the use of the Institute’s 16-step Regression Therapy Protocol, Basic Transactional Analysis, Modified Gestalt Dialogues, and Forgiveness and Compassion Formulas. To prepare the student to successfully complete a 16-step Regression Therapy Protocol.

Program Description

A comprehensive 300 clock hour series of courses to teach the theory and practice of the fundamentals of hypnotism, advanced hypnotism, and regression hypnotherapy training.

Length of Time: 24 weeks

Graduation Requirements: Must have a minimum of 2.0 G.P.A. and must complete the program within the acceptable time frame.

This program consists of three sections, each with approximately eight weeks of training, each containing approximately 12.5 clock hours of class weekly, and three days of in-house or online practicum training, amounting to 30 clock hours per section. No entrance exam is required.

In order to complete this program, the student is required to take and pass the IAIH’s clinical qualifying examination for certification as a hypnotherapist and is therefore prepared accordingly.

Upon completion of this program, the Institute will award a diploma entitled: Hypnotherapist.

Section 1 – Fundamentals of Hypnotism

Class Code	Description	Clock Hours
HT101	Introduction	15
HT102	Building Rapport	2.5
HT103	Depth of Hypnotic State	2.5
HT104	Understanding the Subconscious Mind	5
HT105	The Structure of a Hypnotic Session	5
HT106	Styles of Trance Induction	5
HT107	Deepening Techniques	5
HT108	Effective Suggestion Delivery	5

HT111	Smoking Cessation Protocol	3
HT112	Weight Loss Protocol	5
HT113	Stress Reduction Protocol	5
HT114	Fundamentals Practicum Seminar	30

Course Descriptions

- HT101 Introduction**
(15 clock hours)
Introduces students to the nature of hypnosis, theories of hypnosis, the legal practice of hypnosis and the history of hypnosis. Myths and misconceptions concerning the hypnotic state are dispelled and a solid foundation for the study of hypnotism is established.
- HT102 Building Rapport**
(2.5 clock hours)
Students are introduced to the importance of rapport between the hypnotist and the client, and various skills are learned and practiced ensuring this is well understood.
- HT103 Depth of Hypnotic State**
(2.5 clock hours)
Prepares students for understanding the various levels of hypnosis and their relationship to suggestibility. Various scales are discussed, and a thorough understanding of the full range of hypnotic phenomena is explained.
- HT104 Understanding the Subconscious Mind**
(5 clock hours)
Theories concerning the nature of the mind are discussed where students come to understand the relationship of the conscious mind to the subconscious mind. This course includes the functions of the subconscious mind, ways to access it, and understanding how to utilize its power to create positive change.
- HT105 The Structure of a Hypnotic Session**
(5 clock hours)
Prepares students to successfully complete an entire hypnotic programming session based upon a format of rapport building, education, and pre-talk, followed by trance induction, testing and the effective delivery of suggestions, and trance termination.
- HT106 Styles of Trance Induction**
(5 clock hours)
Prepares students to develop the necessary skills to induce hypnotic trance with multiple styles including paternal, maternal, confusion, and mechanical styles of hypnosis. Induction methods are also covered from each of these styles.
- HT107 Deepening Techniques**
(5 clock hours)
Prepares students to deepen the hypnotic state after hypnotic inductions have been utilized. Instructs students in multiple styles of deepening and associated various tests to ensure depth of trance based upon suggestibility.
- HT108 Effective Suggestion Delivery**
(5 clock hours)
Prepares students to deliver suggestions and affirmations to a hypnotized subject. The structure of proper suggestion is taught as well as multiple hypnotic adjuncts to assist in

accessing the subconscious mind.

- HT109 Self-Hypnosis**
(2.5 hours)
Prepares the student to enter the hypnotic state for him/herself, as well as how to teach hypnosis to others. This course encourages self-entrancement and teaches that all hypnosis is really self-hypnosis, as it works to encourage the hypnotist to empower his/her client to enter the trance state on his/her own.
- HT110 Basic Neuro-Linguistic Programming**
(10 clock hours)
Prepares the student in the basic practice of Neuro-Linguistic Programming (NLP) in establishing and working with anchors, hypnotic language patterns, and other NLP techniques related to the practice of hypnotism. Also introduces the student to the basic presuppositions of NLP, its origins, and its practice within and outside of the fields of hypnosis.
- HT111 Smoking Cessation Protocol**
(5 clock hours)
Prepares the student for an entire treatment strategy in working with a client to stop smoking using hypnosis and NLP. Students learn a powerful three session protocol to assist clients to not only stop smoking, but also to eliminate the subconscious motivation towards the behavior.
- HT112 Weight Loss Protocol**
(5 clock hours)
Prepares the student for an entire treatment strategy in working with a client to lose weight and to create a healthy lifestyle using hypnosis and NLP. Students learn a powerful three session protocol to assist clients to not only lose weight, but also to eliminate the subconscious blocks towards achieving their goals.
- HT113 Stress Reduction Protocol**
(2.5 clock hours)
Prepares the student to utilize various relaxation methods to bring more peace and calm into their client's lives. Techniques include the use of hypnosis, NLP, relaxation, and meditation techniques.
- HT114 Fundamentals Practicum Seminar**
(30 clock hours)
Practical (hands-on or online) hours are interspersed throughout this program to encourage students to practice each technique that they have been taught on their fellow students. This allows students to not only practice what they are learning, but also to experience it for themselves.

Section 2 – Advanced Hypnotism

Class Code	Description	Clock Hours
HT201	Practice Management	10
HT202	Advertising and Marketing Strategies	10

HT203	Transforming Subconscious Beliefs	5
HT204	Focusing and Core Transformation	5
HT205	Advanced Neuro-Linguistic Programming	10
HT206	Parts Therapy	15
HT207	Life Mastery Course	5
HT208	Manifesting Prosperity	5
HT209	Ericksonian Hypnotherapy	5
HT210	Advanced Practicum Seminar	30

Course Descriptions

- HT201 Practice Management**
(10 clock hours)
To prepare the student upon successful graduation to enter the field of professional hypnotherapy with the skills to operate a successful business. This includes note taking, scheduling appointments, file management, referrals, office and equipment set-up, accounting principles, and other components of operating a business and hypnotherapy practice.
- HT202 Advertising and Marketing Strategies**
(10 clock hours)
To prepare the student upon successful graduation to have the necessary skills to promote a professional hypnotherapy practice and to ensure a healthy client base. This class focuses on creative tools to build one's business as well as the legal and ethical parameters of promoting oneself as a hypnotherapist.
- HT203 Transforming Subconscious Beliefs**
(5 clock hours)
This course empowers the student with skills for uncovering the underlying belief systems which generate negative emotions, and which motivate unwanted behaviors. Techniques are taught to uncover these beliefs as well as to change them into positive and constructive models from which to live one's life.
- HT204 Focusing and Core Transformation**
(5 clock hours)
This course covers the fundamental practice of the Focusing method of Dr. Eugene Gendlin and the Core Transformation method of Connie Rae Andreas as a means of uncovering and transforming the cause of one's problems. Special attention is given to the theme of opening the heart and working with the shadow side of the mind.
- HT205 Advanced Neuro-Linguistic Programming**
(10 clock hours)
Covers more advanced NLP techniques and language patterns including expanded uses of anchors, meta-models, visual swish patterns, visual squash patterns, new behavior generators, and many others.
- HT206 Parts Therapy**
(15 clock hours)

Prepares the student to utilize the hypnotic state to align sub-personalities towards a client’s goals. The basics of Transactional Analysis are taught as well as archetypical models for working with the subconscious mind. Extra time is given to this modality, as it lays the foundations for the regressive hypnosis models to follow in future courses.

HT207 Life Mastery Course

(5 clock hours)

Assists the student to empower him/herself and his or her clients to set goals, write mission statements, define life values, visualize outcomes, and use the power of the mind to achieve these goals. Incorporates the Getting Organized Process and the Creating and Manifesting Formulas.

HT208 Manifesting Prosperity

(5 clock hours)

Empowers the student with teachings and skills to develop a “success mind-set.” Based upon Silent Light Publisher’s Manifesting Prosperity Workbook. This course helps students to empower themselves and their clients to increase abundance in their lives in all ways, beyond just financial.

HT209 Ericksonian Hypnotherapy

(5 clock hours)

An in-depth exploration of the therapeutic style of Milton H. Erickson and his contributions to the fields of hypnosis and NLP. This course teaches the basics of Ericksonian Hypnotherapy, metaphor therapy, and advances the student’s use of indirect/inferred induction styles.

HT210 Advanced Practicum Seminar

(30 clock hours)

Practical (hands-on or online) hours are interspersed throughout this program to encourage students to practice each and every technique that they have been taught on their fellow students. This allows students to not only practice what they are learning, but also to experience it for themselves.

HT312	Amnesia Capacity Estimation	3

HT313	Reinventing Yourself	3
HT314	Hypnotic Dreamwork	3
HT315	Hypnotherapist Practicum Seminar	30
Total Clock Hours		300

Course Descriptions

- HT301 Introduction to Regression**
(10 clock hours)
Introduces the concept of using the hypnotic state to access memories usually related to childhood. Discusses the indications and contraindications for its use as well as the many types of regression that can be used.
- HT302 Pre-Hypnosis Interview**
(8 clock hours)
Prepares the student to work with clients in a regressive hypnotherapy model through encouraging a more thorough intake process than the fundamentals program. Includes more elaborate information gathering techniques as well as rapport building skills.
- HT303 Uncovering Techniques**
(4 clock hours)
Prepares the student to discover the underlying emotions associated with a client's problems and works to use these emotions as a bridge back to the cause of the problems. Involves a more expanded view of intake, focusing, and uncovering core belief systems.
- HT304 Age Regression**
(7 clock hours)
A course of study detailing the uses of regression, the means of regression, and the processing of the information uncovered. The course prepares the student to work with more advanced techniques by laying the foundation for the confident use of regressive methods.
- HT305 Gestalt Dialogues**
(5 clock hours)
Prepares the student to facilitate positive change through a modified Gestalt process of dialoging with key figures involved in a regression. Includes training in cathartic emotional release, and advanced methods for healing and resolving sensitizing events.
- HT306 Basic Transactional Analysis**
(4 clock hours)
An introduction to working with the various ego-states of parent, adult, and child as a means of resolving conflicts held deep within the subconscious mind.
- HT307 Forgiveness and Compassion Formulas**
(4 clock hours)
Regression therapy requires that the memories that are brought to consciousness are thoroughly resolved, therefore very practical and simple formulas are taught to bring the client to a place of forgiveness and compassion for themselves and others.

- HT308** **Integrating Core Transformation**
(7 clock hours)
The Core Transformation process, as taught in Advanced Hypnotism, is now integrated into the regression therapy protocol to lead a client into the core state where very deep experiences of love, joy, and personal wholeness are experienced.
- HT309** **Regression Protocol Integration**
(4 clock hours)
Hypnotherapist training involves the comprehension and application of a 16-step regression therapy protocol that includes many components. It is here that these components are integrated into an entire session that leads to the culmination of the first 300 hours of training.
- HT310** **Hypnoanalysis**
(4 clock hours)
Students explore some of the pioneering work of Mr. Dave Elman, who founded many of the techniques of hypnotic induction and the processing of memories that are still used to this day. While his methods are now highly modified, this course offers respect for the work of a great man and helps students to understand how our profession has evolved over the years.
- HT311** **Analytical Hypnotherapy**
(4 clock hours)
Prepares the student to work with the Analytical techniques as found in E.A. Barnett's book Analytical Hypnotherapy. Includes the use of regression and the Transactional Analysis model.
- HT312** **Amnesia Capacity Estimation**
(3 clock hours)
Measuring depth of hypnosis can be done through many methods. The work of E.A. Barnett utilized a style of Amnesia Capacity Estimation to determine depth of trance by levels of amnesia that can be produced. This has proven to be a very valuable model when levels of hypnosis are important in one's work.
- HT313** **Reinventing Yourself**
(3 clock hours)
A course dedicated to the work of Mr. Dick Sutphen who offered what are known as the Critical 15. These are the 15 things that people do that cause their own suffering. The cause of this suffering is addressed and the action to overcome it is taught.
- HT314** **Hypnotic Dreamwork**
(3 clock hours)
This course teaches students how to process dreams using the hypnotic state. Based upon the work of Fritz Perls, dream characters unfold into symbolic messages of what the subconscious mind is truly working to tell us in our dreams.
- HT315** **Hypnotherapist Practicum Seminar**
(30 clock hours)

Practical (hands-on or online) hours are interspersed throughout this program to encourage students to practice each and every technique that they have been taught on their fellow students. This allows students to not only practice what they are learning, but also to experience it for themselves.

Program of Study – Clinical Hypnotherapist

Program Objective

To study and learn the concepts that relate to the use of hypnosis in therapeutic and medical settings, and to establish clear scope of practice assessment guidelines. To offer students practical methods for employing hypnosis in coordination with other health care professionals, such as in the fields of medicine, chiropractic, dentistry, and child birthing. To ensure that students operate within the scope of their training and know when issues are medical or psychiatric problems which require referrals, supervision, or prescriptions.

Program Description

A comprehensive 100 clock hour program centered upon the therapeutic and medical aspects of hypnosis. Accelerated healing methods, pain management, and working with medical professionals are the primary emphasis of this program. Clinical training also teaches the theory and practice of more advanced regression methods with a strong emphasis on practical hours to ensure successful application of all previously learned methods.

Length of Time: 8 weeks

Graduation Requirements: Must have a minimum of 2.0 G.P.A. and must complete the program within the acceptable time frame.

This program consists of approximately eight weeks of training each containing approximately 12.5 clock hours of class weekly, and three days of in-house Practicum Training, amounting to 30 clock hours. Completion of the Hypnotherapist program is required to attend this program.

Upon completion of this program, the Institute will award a diploma entitled: Clinical Hypnotherapist.

- CH402** **Transactional Analysis**
(4 clock hours)
Reviews the basics of Transactional Analysis and deepens the student's understanding of working with the three major ego-states. Explores the deeper dynamics of these three states and explains further methods of integration.
- CH403** **Integrating Modalities**
(5 clock hours)
This course ensures that students can integrate what they have learned thus far into comprehensive treatment protocols that yield powerful results. Works to incorporate the many modalities of all previous courses into personalized strategies aimed at positive and long-lasting change.
- CH404** **Breathwork**
(8 clock hours)
Prepares the student to facilitate Breathwork sessions where a client is lead in the primary method of Rebirthing to uncover suppressed emotions and resolve deep seated memories. Works to understand the nature of emotional release and prepares the student to provide a safe space for clients to truly open and heal.
- CH405** **Medical Hypnotherapy**
(7 clock hours)
Helps the student to have a deeper appreciation of the state statutes for the practice of hypnosis for medical conditions in coordination with licensed practitioners of the healing arts." Teaches scope of practice assessment and the importance of integrative and preventative health care, especially regarding the model of complementary medicine.
- CH406** **Anatomy and Physiology**
(7 clock hours)
An introduction to the human body and its many systems, as well as theories on the mind/body connection and how the brain can control the body's sensations and healing mechanisms.
- CH407** **Hypnosis in Pain Management**
(7 clock hours)
An introduction to the practice of using hypnosis in managing and/or eliminating pain. A thorough introduction to the limits and scope of the practice of a hypnotist are covered, as well as discussions on the need for referrals and the ethics of the practice.

- CH408** **Psychoneuroimmunology**
(3 clock hours)
A thorough exploration of the theories and techniques used in healing and pain management. Methods include the use of visualization, suggestions, metaphors, control rooms, and other creative tools for controlling sensations and bodily functions.
- CH409** **Hypnosis in Childbirth**
(4 clock hours)
Prepares the student for working with pregnant women to facilitate a more comfortable or even pain-free childbirth. Uses various techniques for relaxation, stress reduction and pain management, while also working to deepen the mother/child bond and eliminate all fear and negativity.
- CH410** **Hypnosis in Dentistry**
(4 clock hours)
Prepares the hypnotist to work one-on-one with a dentist in helping patients to relax, eliminate fear, and even undergo dental procedures without analgesia or anesthesia.
- CH411** **Hypnosis in Medical Settings**
(4 clock hours)
Provides students practical ways to integrate their hypnotherapy practice into medical and hospital settings. Instructs the student in the use of hypnosis for medical emergencies to teach first responders enhanced communication skills with those to whom they attend.
- CH412** **Healing with Hypnosis**
(10 clock hours)
A thorough exploration of the healing power of the mind as found within many traditions including Mesmerism, Hypnotism, Psychoneurophysiology, New Thought Movements, Faith Healing, the Placebo Effect, as well as in-depth reviews of the books *The Sutras on Healing and Enlightenment* and *A Course in Miracles*.
- CH413** **Clinical Practicum Seminar**
(30 clock hours)
Practical (hands-on or online) hours are interspersed throughout this program to encourage students to practice each and every technique that they have been taught on their fellow students. This allows students to not only practice what they are learning, but also to experience it for themselves.

Program of Study – Transpersonal Hypnotherapist

Program Objective

To study and learn the concepts that relate to theories of reincarnation and karma, and how to successfully use the hypnotic state to access past-life memories. To provide the student with a metaphysical/transpersonal model of a human being to create hypnotherapists who can offer a spiritual component to their work.

Program Description

A comprehensive 100 clock hour program to teach the theory and practice of past-life regression therapy and other more esoteric concepts often associated with hypnotherapy practice.

Length of Time: 8 weeks

Graduation Requirements: Must have a minimum of 2.0 G.P.A. and must complete the program within the acceptable time frame.

This program consists of approximately eight weeks of training each containing approximately 12.5 clock hours of class weekly, and three days of in-house Practicum Training, amounting to 30 clock hours. Completion of the Hypnotherapist program is required to attend this program. Completion of the Clinical Hypnotherapist program is not required to attend this program.

Upon completion of this program, the Institute will award a diploma entitled Transpersonal Hypnotherapist.

Completing this program, including Hypnotherapist and Clinical Hypnotherapist training concludes the 500-hour training through the Institute and awards upon the student all relevant Institute Diplomas and qualifies them for IAIH Certification.

Course Descriptions

- TP601** **Macro- and Microcosmology**
(5 clock hours)
An in-depth look into a metaphysical model of the universe and its genesis, as well as the human being's place within this macrocosmic order. This course begins the Transpersonal work of the Institute's training, where a human being is seen as having a spiritual side that becomes exceptionally empowering in the healing process.
- TP602** **Theories of Reincarnation and Karma**
(5 clock hours)
Models of multiple lifetimes are covered. Along with the traditional models of reincarnation, we also explore theories of transmigration and the oversoul theory, while looking at how unresolved karma affects current life situations.
- TP603** **Eastern Philosophy and Psychology**
(5 clock hours)
A detailed look into the Yoga Sutras of Patanjali and an Eastern model of the psyche and the Spirit. This course explores the causes of human suffering and a means for eliminating this suffering through the practice of Samadhi meditation.
- TP604** **Past-Life Regression Therapy**
(20 clock hours)
Prepares the student to facilitate a past-life regression session including pre-talk and education, trance induction and deepening to access past-life memories, processing past-life information, working with the inter-life space, working with guides/higher wisdom, processing unresolved karma, and integrating new understandings into the present life situation.
- TP605** **Life-Between-Life Regression**
(10 clock hours)
A deeper look into the use of hypnosis to explore the time known as "life-between-life," where the Transpersonal Hypnotherapist facilitates a thorough review of the events that occur after a past-life and before the next incarnation.
- TP606** **Special Instances of Altered State Work**
(10 clock hours)
Based largely upon the work of Winifred Blake Lucas, PhD, and Dr. Edith Fiore, we explore the nature of entity attachment and how such energies affect clients. This course explores ancient and modern theories of possession and the means for releasement. The use of hypnosis for uncovering memories of alien abduction and other esoteric concepts are also covered.
- TP607** **Out-of-Body Experiences and Remote Viewing**
(5 clock hours)
This course helps the student to understand and experience a deeper spiritual component of his or her being. As clients will have questions in this regard, the student is empowered with this knowledge, as well as the methods of hypnosis used to facilitate experiences outside of the physical body, including the concept of remote viewing to use

the altered state to have direct and verifiable experiences of what modern physicists call a non-local universe.

TP608

Stages of Spiritual Growth

(5 clock hours)

Empowers the student with teachings from many of the world's great wisdom traditions about an individual's progress along the spiritual path. This training helps the student to work with all clients regardless of their religious/spiritual background to facilitate progress for all who seek help.

TP609

Meditation

(5 clock hours)

An introduction and deepening of the Meditation System as taught at OnlineMonastery.com and as found in the books *The Sacred Geometry of Meditation* and *The Anahat Meditation System* by Matthew J. Brownstein. These teachings cover universal methods of meditation as well as a concrete system designed to facilitate exceptional meditation teachers and healers.

TP610

Transpersonal Practicum

(30 clock hours)

Practical (hands-on or online) hours are interspersed throughout this program to encourage students to practice each and every technique that they have been taught on their fellow students. This allows students to not only practice what they are learning, but also to experience it for themselves.

Tuition and Fees

A Clock Hour is defined as a period of 60 minutes with a minimum of 50 minutes of instruction in the presence of an instructor.

Each clock hour is \$19.50.

Additional expenses: \$182.65 total

- \$182.65 + tax for textbooks (prices of books may vary slightly, optional books extra)

Optional expenses:

- The initial fee for registration and certification through the International Association of Interpersonal Hypnotherapists is \$125.00 for the certification for Hypnotherapist. The additional certification of Clinical Hypnotherapist is \$25.00, and certification for Transpersonal Hypnotherapist is \$25.00. All three certifications cost \$175.00 every two years.
- The Institute of Interpersonal Hypnotherapy has a network of graduates trained to offer optional additional mentoring or tutoring hours to students. These services generally cost \$75 per hour and are payable to the mentors directly. Contact our Student Services Department for more information.
- Each Auxiliary Classroom typically has a graduation dinner at the end of the Transpersonal Hypnotherapy in-house practicum seminar hours. This optional dinner is open to any graduate and their friends and family. Typically, this dinner is held at a local restaurant (this may vary depending upon location), and all attendees are expected to pay for their own meal which is expected to cost no more than \$50 per person.
- \$349 for the Interpersonal Hypnotherapist 22-hour CEU course and certification.

- (e) \$995 for Basic Interpersonal NLP Training and Certification (if taken separately).
- (f) \$1095 for Master Interpersonal NLP Training and Certification (if taken separately).
- (g) \$249 for the IAIH Annual Hypnotherapy Conference.
- (h) \$297 for 30 hours of CEUs every two years through the IAIH.

To apply for a seat in the class, students must submit a minimum \$300 plus any additional tuition payment and tax. \$150 of this is a non-refundable registration fee. This deposit is then applied toward a student's tuition. Payment may be made in the form of cash, check, cashier's check, or major credit card.

Payment Periods

Programs and their sections can be paid for individually or all at once. Students paying per each 100-hour section are charged \$2,000 before the start of each section according to the corresponding class schedule. Cancellations and refunds are made according to the Cancellation and Refund Policy on page 20.

Financial Aid/Student Loans

The Institute of Interpersonal Hypnotherapy offers financial aid in the form of student loans for those who qualify. This allows qualified borrowers to make monthly payments at an affordable rate. The Institute and the student develop a legally binding agreement using the Institute's financial section of our enrollment agreement.

Eligibility for student loans is dependent upon a credit check and a review of the prospective borrower's current income in relation to current expenses per month. It is at the school's discretion to accept a student for financial assistance based upon an evaluation of credit and financial status.

All refunds concerning student loans automatically default back to the Institute's refund, withdrawal, and dismissal policies as found within this catalog.

Advisory Board Members

The Board of Advisors serves the leadership of Anahat Education Group in a purely advisory role. The Board meets twice per year in the fall and the spring. Minutes of meetings are logged. The Board advises leadership on process redesign, standard operating procedures, leadership, research, complementary and integrative medicine, legal matters, and general ethical principles as found within hospitals, medical centers, physician and law offices, and the proper use of grammar and semantics in professional writing. Anahat senior staff seeks advice and solicits input from experts in their fields who hold relevant knowledge and best practices which are aligned with our strategic plan and stated goals. Value statements are revisited monthly along with planned meetings as Board of Advisor advice is considered and implemented.

- Claudia Caine, MA – Retired President and Chief Operating Officer of NYU Brooklyn Medical Center in New York
- Kell Julliard, MA – Former Director of Clinical Research at Family Health Centers at NYU Langone
- Susan Nicholas, MD, MBA – Former physician and surgeon, physician consultant
- Elizabeth Reninger, MS – Masters in Oriental Medicine, Writer/Editor
- Lani Gonzales, JD – Attorney and Clinical Hypnotherapist

Online Delivery Addendum

The Institute of Interpersonal Hypnotherapy offers both online and in-house practicum hours. Students may elect to do to any number of their in-house practicum hours online. 70% of the training is always taught online and 30% has always been done in-house. However, we now offer that 30% to be taken online as well. To prepare for a successful experience online, we suggest that students do the following:

1. Have a high-speed internet connection and ensure that videos stream well on your computer.
2. Download the Zoom application at <https://zoom.us/>.
3. Be sure that your camera and microphone are working properly before class begins.
4. Close all other applications on your computer and remain 100% focused on class. Work to eliminate all other distractions as well.
5. Dress as if you were coming into an actual classroom. Please be prepared to see others and to be seen by others.
6. Breaks occur just as with in-house practicums, where we take 10-minute breaks about every hour and a half and where lunch breaks are about one hour total.
7. Please reach out to Student Services with any questions at support@interpersonalthypnotherapy.com.

Admission policy: All students must be 18 years of age or older, must be financially capable of paying for their own tuition, and show a strong desire to become an ethical and certified hypnotherapist according to the standards of the International Association of Interpersonal Hypnotherapists. Credits from other institutions are not transferable towards an education at The Institute of Interpersonal Hypnotherapy.

Non-Discrimination policy: The Institute of Interpersonal Hypnotherapy admits qualified students without regard to their race, religion, color, age, sex, sexual orientation, national or ethnic origin, disability, or any other characteristic protected by applicable law to the rights and privileges, programs, and other activities generally accorded or made available to students at the school.

Refund policy: *IIH Cancellation and Refund Policy is based on both State of Florida requirements and those of the Accrediting Council for Continuing Education and Training (ACCET). IIH compares the state's policy with ACCET's for all cancellations or withdrawals and applies the policy that is more lenient towards the student. The goal of this Policy is to ensure a fair and equitable, clearly defined, and uniformly administered refund policy for cancellations, withdrawals, and terminations.*

IIH combines Florida's Fair Consumer Practices (Rule 6E-1.0032) and ACCET's Refund Policy to determine the amount of unearned tuition due to withdrawal:

- Students are financially obligated and responsible based on the enrollment period. For this purpose, the period of financial obligation is each program. During the first (1st) week of class, students have a drop/add period. If the student withdraws before the end of the first week, during the drop/add period, the student will be refunded all tuition and fees, except the \$150 admission fee.
- After the first week and through fifty percent (50%) of the period of obligation (the term), the tuition charges will not exceed a pro-rata of the tuition portion for the periods completed, plus a withdrawal fee of \$100.00.
- After fifty percent (50%) of the period of financial obligation is completed by the student, IIH may retain the full tuition for that period.

Program/Course Cancellations: IIH reserves the right to cancel any program or course for which there is insufficient enrollment.

A full refund of all tuition and fees is due and refundable in each of the following cases:

- If an enrollee is not accepted by IIH; or
- If the program of instruction is discontinued by IIH and this prevents the student from completing the program.

72 Hour Cancellation Policy: A full refund will be made to any student who cancels the enrollment contract within 72 hours after the Enrollment Agreement is signed, thus eliminating any and all financial obligation to the Institution.

Cancellation Prior to the Start of Class or No Show: If, after the 72-hour initial enrollment period, an applicant accepted by IIH cancels prior to the start of scheduled classes or never attends class (no-show), all monies paid will be refunded, less a \$150 registration fee.

Notice of Cancellation: Cancellation may be notified to IIH in person, by telephone, or in writing (including by email).

Cancellation Refunds: All applicable refunds will be made within 30 days of the date of determination (i.e., receipt of a cancellation notice from the student, or after 30 days of "no show" on the part of the

student).

General Policy

IIH completes and documents refund calculations for each student who cancels, withdraws, or is withdrawn from training. To ensure timely and accurate refunds, IIH considers the following:

- Start Date.
- Last Date of Attendance (LDA).
- Date of Determination (DOD).
- Charges to the student.
- Total amount paid.
- Weeks earned and resulting percentage of program completed.

Date of Determination (DOD)

- The Date of Determination is the date the student provides written or verbal notice of withdrawal or the date IIH terminates the student for non-attendance, or by applying the attendance, conduct, or Satisfactory Academic Progress policies.

Last Day of Attendance (LDA)

- The Last Day of Attendance is the final day the student attends class (i.e., the last day of documented engagement).

Withdrawals and Terminations

A student may withdraw from IIH at any time and for any reason. A student shall be considered to be withdrawn if:

1. The student notifies the institution of his/her withdrawal.
2. IIH terminates the student's enrollment for failure to: maintain satisfactory progress; meet minimum attendance requirements; meet financial obligations to IIH; or for a breach of other IIH policies and procedures, or
3. Failure to attend class for 30 calendar days.
4. Failure to return from a leave of absence, or
5. Other conduct that merits termination for good cause.

Refund Calculations:

For an enrolled student, the refund due will be calculated using the Last Date of Attendance (LDA) and be paid within thirty (30) calendar days from the documented Date of Determination (DOD).

- Prior to 50% of completion of the period of financial obligation: Pro-rata refunds shall be applied using the weekly charge for the period of enrollment (total institutional charge, minus non-refundable fees, divided by the number of weeks in the period of enrollment), multiplied by the number of weeks required for full attendance in the period of enrollment.
- After 50% of completion of the period of financial obligation: No refunds will be issued.

Grievance Policy: The school is committed to providing a sound and positive educational environment. Understanding that there may be times when students want to express concerns or feel the need to file an official grievance, the school has adopted the following procedure:

Published: January 26th, 2023

1. File the grievance in writing by email where receipt must be acknowledged by the School Director outlining the allegation or nature of the grievance to support@instituteofhypnotherapy.com.
2. Within 10 days of receipt of grievance, a school representative will meet with the student.
3. If the problem is not resolved through discussion, the student will be referred to the school's grievance committee.
4. The school's grievance committee will meet within 21 calendar days of receipt of the grievance and review allegations. The student must bring a copy of the written record of the prior meeting with the school representative.
5. If more information is needed, a letter will be written outlining the additional information requested.
6. If no other information is needed, the grievance committee will act on the allegations and a letter will be sent to the student within fifteen calendar days stating the steps taken to resolve the concern or information showing that the allegations were not warranted or based on fact.

Students who feel their grievance is unresolved may refer their grievance to the following address: Commission for Independent Education, Florida Department of Education, 325 W. Gaines Street, Suite 1414, Tallahassee, Florida 32399-0400, (850) 245-3200 or toll free (888) 224-6684.

Dismissal policy: At the discretion of the School Director, a student may be dismissed from school for an intoxicated or drugged appearing state of behavior; possession of illegal substances, alcohol, or weapons on school premises; behavior creating a safety hazard to other persons at school; disrespectful behavior to those at school; or not maintaining an acceptable academic or practical skill level as determined by the School Director; or any other reason stated or determined inappropriate action or behavior by a student of the Institute of Interpersonal Hypnotherapy, by the School Director.

Agreement: I have read the current catalog, refund, grievance, and dismissal policies and understand my obligations as well as the school's. I understand the instruction received does not imply education in any medical field, and that I will not use hypnosis for medical purposes, including psychiatric, for which I am not licensed unless working under the supervision of a person licensed for that purpose and as prescribed by law. I further understand that these classes are not for the purpose of diagnosing, or the treatment of, any physical or mental ailment. I certify that all information given on this form is to the best of my knowledge correct. In connection with my application with the school, I understand that a consumer report which may contain public records information is being requested. This report may include the following types of information: names and dates of previous employers, credit information, etc. I further understand that such report may contain public record information concerning my credit, bankruptcy proceedings, etc. from federal, state, and other agencies which maintain such records. I authorize without reservation, any party or agency or agency contacted to furnish the above-mentioned information. I also understand that the Institute of Interpersonal Hypnotherapy does not in any way guarantee job placement for its graduates.

Employment Assistance

I understand that the Institute has not made and will not make any guarantees of employment or salary upon my graduation. The Institute will provide me with placement assistance, which will consist of identifying employment opportunities and advising me on appropriate means of attempting to realize these opportunities.

Additional Information: Additional information may be obtained by contacting the Commission for Independent Education, Florida Department of Education, 325 West Gaines Street, Suite 1414, Tallahassee, Florida 32399-0400 or toll free at (888) 224-6684.

Graduation Requirements: I understand that in order to graduate from the program and to receive a diploma, I must successfully complete the required number of scheduled clock hours as specified in the catalog and on the Student Enrollment Agreement, pass all written and practical examination with a 70% average, and satisfy all financial obligations to the Institute .

ARBITRATION AND LITIGATION

Published: January 26th, 2023

Arbitration and Class Action Waiver Disclosure:

INSTITUTE OF INTERPERSONAL HYPNOTHERAPY requires each student to agree to a pre-dispute arbitration agreement and a class action waiver as a condition of enrollment (“Arbitration Agreement”). The Arbitration Agreement does not, in any way, limit, relinquish, or waive a student’s ability to pursue filing a borrower defense claim, pursuant to 34 C.F.R. § 685.206(e) at any time. The Arbitration Agreement does not require that the student participate in arbitration, or any internal dispute resolution process offered by the Institute prior to filing a borrower defense to repayment application with the U.S. Department of Education pursuant to 34 C.F.R. § 685.206(e).

Any arbitration, required by the Arbitration Agreement, tolls (pauses) the limitations period for filing a borrower defense to repayment application pursuant to 34 C.F.R. § 685.206(e)(6)(ii) for the length of time that the arbitration proceeding is under way.

ARBITRATION, CLASS ACTIONS AND WAIVER OF JURY TRIAL

1. Unless otherwise prohibited by Paragraphs 2 or 3, below, any dispute a student may bring against INSTITUTE OF INTERPERSONAL HYPNOTHERAPY, or any of its parents, subsidiaries, managers, members, officers, directors, or employees, without limitation, or which the Institute may bring against the student, no matter how characterized, pleaded or styled, shall be resolved by binding arbitration pursuant to the Federal Arbitration Act, conducted by the American Arbitration Association (the “AAA”), under its Consumer Arbitration Rules (“Consumer Rules”), and decided by a single arbitrator. The arbitration hearing will be conducted in Tampa, Florida. Both the Institute and student explicitly waive any right to a jury trial. The student understands that the decision of the Arbitrator will be binding, and not merely advisory. The award of the Arbitrator may be entered as a judgment in any Court having jurisdiction. Neither the Institute nor the student shall file any lawsuit against the other in any Court and agree that any suit filed in violation of this provision shall be promptly dismissed in favor of arbitration. Both the Institute and the student agree that the party enforcing arbitration shall be awarded costs and fees of compelling arbitration. The costs of the arbitration filing fee, Arbitrator’s compensation, and facilities fees that exceed the applicable court filing fee will be paid equally by both parties.

The student agrees that any dispute or claim student may bring shall be brought solely in student’s individual capacity, and not as a plaintiff or class member in any purported class action, representative proceeding, mass action or consolidated action. Any remedy available from a court under the law shall be available in the arbitration. The student may, but need not, be represented by an attorney at arbitration. Except as specifically required by federal law and the laws of the State of Florida, the fact of and all aspects of this arbitration and the underlying dispute shall remain strictly confidential by the parties, their representatives, and the AAA. The student agrees that any actual or threatened violation of this provision would result in irreparable harm and will be subject to being immediately enjoined. The student understands the information about the AAA arbitration process and the AAA Consumer Rules can be obtained at www.adr.org or 1-800-778-7879. The student shall disclose this document to the AAA if the student files an arbitration. If any provision or clause of this agreement is held invalid, said provision or clause shall not affect any other provision or clause that can have effect without the invalidated provision or clause, and thus is

severable one from the other.

2. We agree that neither we nor anyone else will use this agreement to stop you from bringing a lawsuit concerning our acts or omissions regarding the making of the Federal Direct Loan. You may file a lawsuit for such a claim, or you may be a member of a class action lawsuit for such a claim even if you do not file it. This provision does not apply to lawsuits concerning other claims. We agree that only the court is to decide whether a claim asserted in the lawsuit is a claim regarding the making of the Federal Direct Loan or the provision of educational services for which the loan was obtained.

3. We agree that neither we nor anyone else will use this agreement to stop you from being part of a class action lawsuit in court. You may file a class action lawsuit in court, or you may be a member of a class action lawsuit even if you do not file it. This provision applies only to class action claims concerning our acts or omissions regarding the making of the Direct Loan. We agree that only the court is to decide whether a claim asserted in the lawsuit is a claim regarding the making of the Federal Direct Loan or the provision of educational services for which the loan was obtained.

Appendix III – United States Hypnosis Law

Hypnosis Law & Regulations

State Laws Regarding Hypnosis, Hypnotherapy & Hypnotism. Therapeutic and Non-Therapeutic Uses. HIPAA Compliance.

Updated May 25, 2022

The International Association of Interpersonal Hypnotherapists (IAIH) does its best to monitor State Hypnosis Laws and to offer this information for our members, prospective students, and for the public in general. We are not attorneys and offer this information for educational purposes only. The practice of hypnosis, hypnotism, and hypnotherapy are often regulated in many states, yet many states do not have any laws about hypnosis at all, however they will have laws against the illegal practice of therapy, medicine, psychology, and dentistry. We recommend calling us to discuss your respective state for more details.

Anyone can use the altered state of hypnosis; however, the issue arises with occupational titles and the therapeutic uses of hypnosis. It is therefore generally accepted that using the title “Hypnotist” is acceptable in all 50 states. When hypnosis is used for non-therapeutic purposes, then it is also acceptable in all 50 states. Practitioners need to be conscious of the use of the word “Hypnotherapist” in some states and they also need to understand scope of practice assessment in relationship to working with therapeutic conditions.

The current Occupational Title of Hypnotherapist is found in the National Center for Education Statistics database, (<https://nces.ed.gov/ipeds/cipcode/cipdetail.aspx?y=55&cipid=87832>) in their Classification of Instructional Programs (CIP).

Detail for CIP Code 51.3603

Title: Hypnotherapy/Hypnotherapist

Definition: A program that prepares individuals to employ the controlled inducement of altered states of consciousness, or trance, to reduce pain, resolve emotional conflicts, and enhance communications as part of diagnostic and treatment programs. Includes instruction in the principles of hypnosis and suggestion, induction and deepening, post-hypnotic suggestion, awakening techniques, regression, pacing and leading, resistance transformation, client testing and management, practice management and regulation, and professional standards and ethics.

A Certified Profession

A hypnotist/hypnotherapist is not considered a licensed practitioner of the healing arts. Our profession is self-regulated, and we offer certifications, not licenses.

Clients or Patients

A hypnotist/hypnotherapist has clients, not patients.

Published: January 26th, 2023

Therapeutic and Non-Therapeutic Hypnosis

We define therapeutic hypnosis here as using hypnosis to assist with medical, dental, or mental health conditions. We encourage all persons who are not licensed practitioners of the healing arts to always get a referral or prescription from the appropriate licensed practitioner when utilizing therapeutic hypnosis. However, in some states even this standard is not acceptable as therapeutic hypnosis can only be performed by certain licensed practitioners.

Calling Yourself a Hypnotherapist

Most states allow for the use of the occupational title Hypnotherapist, yet some states do not and in some states there are simply no laws at all about this. When in doubt, the practitioner should use the term “Hypnotist.” The IAIH works to protect the occupational title of “Hypnotherapist,” yet laws do differ from state to state.

Use of the word “Clinical”

In the State of Utah, you can call yourself a hypnotist or a hypnotherapist, yet you cannot use the word “Clinical” in your occupational title, unless you are a licensed practitioner.

Hypnosis Across State Lines

Many sessions are conducted via videoconferencing across state lines. We encourage the practitioner to abide by the laws of their own state, as well as the laws of the state of their client.

Summary

The IAIH, along with other hypnosis/hypnotherapy associations, work to protect our profession and our occupational title, yet practitioners must understand the laws of their respective states. They must understand scope of practice assessment and HIPAA compliance. They must not use words in advertising that go against their respective state’s laws, and they must clearly distinguish between therapeutic and non-therapeutic hypnosis. We encourage all prospective students to contact us to discuss their own unique situation and location.

For more up-to-date information about each state law, please visit <https://www.instituteofhypnotherapy.com/iaih-hypnosis-law/> or call us at 800-551-9247.

INTERNATIONAL ASSOCIATION OF INTERPERSONAL HYPNOTHERAPISTS

State Laws and Regulations Regarding the Practice of Hypnosis

As we continue our work to raise the standards of hypnotherapy education and credentialing, it is important that all IAIH certified practitioners operate within the law and within the scope of their credentials. We offer this document for informational purposes only and those who are practicing hypnosis are always responsible to understand the respective laws of their state. While we work with attorneys when creating this document, it is still important for anyone using hypnosis to research the laws themselves and to know what they are legally allowed to do based upon their training and credentials. We keep this document online and work to update it annually. The most current version can be found at: <https://www.instituteofhypnotherapy.com/iaih-hypnosis-law/>

It is also important to follow a clear Code of Ethics when practicing hypnosis. The IAIH Code of Ethics can be found at: <https://www.instituteofhypnotherapy.com/iaih-code-of-ethics/>

When a Hypnotherapist receives a referral from a licensed practitioner of the healing arts, they are legally bound by HIPAA and are required to keep confidential a client's Protected Health Information. For more information, please visit: <https://www.instituteofhypnotherapy.com/iaih-hipaa-compliance/>

When practicing hypnosis, a major distinction needs to be made between therapeutic and non-therapeutic uses. Therapeutic hypnosis involves working with medical, dental, or mental health conditions, where human illness, injury, or disease is concerned. In most states, a referral from an appropriate licensed practitioner of the healing arts allows unlicensed professionals to engage in this practice, however in states such as Colorado and Arizona this is not the case. We encourage you to reach out to us directly if you are at all unsure about the legality of practicing in your state and within your specific credentials.

We support the use of the federally acknowledged occupational title of "Hypnotherapist," for those with such credentials, rather than just "Hypnotist," as the title itself does not imply the therapeutic use of hypnosis. However, it is always the responsibility of the professional to operate within the law and to understand the scope of their credentials and what they can and cannot work with.

Unlicensed practitioners are strongly encouraged not to use words such as: heal, healing, cure, treat, diagnose, therapy, etc. in their advertising. In Utah, the term "clinical" can only be used by those with the proper credentials.

Some states require mandatory registration to practice hypnosis professionally. Please make note of that when reviewing this document.

States' laws and regulations regarding the practice of hypnosis can loosely be broken down into three categories:

- **Mandatory Registration**
 - Connecticut
 - Washington

- **Explicit Guidelines for Licensure Exemption**
 - California
 - Colorado
 - Florida
 - Illinois
 - New Jersey

States with Mandatory Registration:

Connecticut

Registration Requirement: Persons who practice hypnosis must obtain a registration from the Department of Consumer Protection before engaging in business in Connecticut. The Commissioner of Consumer Protection may assess a civil penalty of not more than \$100 against any person who has practiced hypnosis in CT without first registering with the department.

Eligibility: The individual must pay an application fee of \$100 by check or money order made payable to “Treasurer, State of Connecticut” and complete a notarized application form. The form requires name, address, DOB, SSN, DLN, and a representation that the applicant has not committed a felony and is not subject to sexual offender registration laws. All registrations expire annually on October 31st.

Renewal: Renewal notices are sent approximately 30–45 days prior to the expiration date of registration via email or regular mail. Renewals can be completed online at <https://elicense.ct.gov> using the User ID and/or Fast Track Renewal PIN provided in the renewal notice. Renewals can also be completed by mail by emailing name, registration type, registration number, and email address to dcp.licenseservices@ct.gov. Renewal fee is \$100.

Changes: Any change of a registered hypnotist’s name, residence address, business address, or status as a registered sexual offender (pursuant to Chapter 369 of the Connecticut General Statutes, or an equivalent statute in another jurisdiction) must be reported in writing to the Department of Consumer Protection within thirty (30) days of said change.

Definition of hypnotist: “Hypnotist” means any person who performs hypnosis, but does not

include those individuals licensed by this State to perform medical, dental, nursing, counseling or other health care, substance abuse or mental health services.

Definition of hypnosis: “Hypnosis” means an artificially induced altered state of consciousness, characterized by heightened suggestibility and receptivity to direction.

Relevant Regulation(s): Section 20-660 of the Connecticut General Assembly Statutes states:

(c) The Commissioner of Consumer Protection may deny registration as a hypnotist to an individual who has been the subject of a finding rendered pursuant to subsection (d) of this section. The registry shall contain information concerning any individual who has been denied said registration, as well as any brief statement disputing such denial by such individual.

(d) The Department of Consumer Protection shall receive and investigate complaints against individuals who are practicing or have practiced hypnosis in this state and may cause a prosecution to be instigated based on such investigation. The grounds for complaint shall include physical or sexual abuse, misappropriation of property, and fraud or deceit in obtaining or attempting to obtain registration as a hypnotist. A hypnotist shall be given written notice by certified mail by the commissioner of any complaint against him or her. A hypnotist who wishes to appeal a complaint against him or her shall, not later than thirty days after the date of the mailing, file with the department a request in writing for a hearing to contest the complaint. Any such hearing shall be conducted pursuant to chapter 54. The commissioner shall render a finding on such complaint and enter such finding on the registry. The commissioner shall have the authority to render a finding and enter such finding on the registry against an individual who is practicing or has practiced hypnosis in this state, without regard to whether such individual is on the registry or has obtained registration as a hypnotist from the department.

(e) A hypnotist may petition the Commissioner of Consumer Protection to have the finding removed from the registry upon a determination by the commissioner that: (1) The employment and personal history of the hypnotist does not reflect a pattern of abusive, deceitful or fraudulent behavior; and (2) the conduct involved in the original finding was a singular occurrence. In no case shall a determination on a petition submitted under this subsection be made prior to the expiration of a one-year period beginning on the date on which the finding was added to the registry pursuant to subsection (d) of this section.

(f) The Commissioner of Consumer Protection may, after notice and hearing, in accordance with the provisions of chapter 54, assess a civil penalty of not more than one hundred dollars against any person who has practiced hypnosis in this state without first registering with the department pursuant to subsection (b) of this section.

(g) The Commissioner of Consumer Protection shall revoke the registration of a person under this section after notice and hearing in accordance with the provisions of chapter 54 if such person becomes subject to the registration requirements of chapter 969.

Washington

Registration Requirement: In Washington State, “Hypnotherapists” and “Counselors” are required to register. Under Chapter 246-810 WAC, hypnotherapists are included under the definition of “Counselor.” Note that the “registered counselor” category was eliminated in 2010. Hypnotherapy regulations were not modified.

A person may not, for a fee or as a part of his or her position as an employee of a state agency, practice hypnotherapy without being registered to practice as a hypnotherapist by the department.

Eligibility: For registration, an individual must:

- Submit an application form online or by mail. Forms are available at <https://doh.wa.gov/licenses-permits-and-certificates/professions-new-renew-or-update/hypnotherapist/licensing-information>.
- Pay a non-refundable \$155 application and registration fee at the time of application, by VISA or Mastercard or ACH/e-check.
- Complete a minimum of four hours of AIDS education and training, which may include self-study, direct patient care, courses, or formal training, and read AIDS education and training attestation included in the application forms. Course content can be found in WAC 246-12-270.
- Note that a fingerprint-based background check may be required for licensing purposes if you have lived in another state or if you have a criminal record in Washington State. This would be at your own expense.

Renewals: Under chapter [246-12](#) WAC, a counselor must renew their credential every year on the practitioner's birthday.

Fees: The following nonrefundable fees will be charged:

- Application and registration: \$155.00
- Renewal: \$80.00
- Late renewal penalty: \$75.00
- Expired registration reissuance: \$75.00
- Duplicate registration: \$10.00
- Verification of registration: \$25.00

Relevant Regulation(s):

- You must provide disclosure information to each client prior to implementation of a treatment plan. See § 246-810-031 for a complete list of information that must be included in the disclosure statement.
- You must document all services. See § 246-810-035 detailed documentation and record retention requirements.
- You have a duty to report reasonable suspicion of abuse or neglect of a child. You have a duty to report reasonable suspicion of abandonment, abuse, financial exploitation, or neglect of a vulnerable adult. Reports must be made to the local law enforcement agency or to the department of social and health services within 24 hours after there is reasonable cause to believe that the child or vulnerable adult has suffered abuse or neglect.
- Counselors who collect fees in advance of the service provided must separate such funds from operating/expense funds. The counselor may not spend the funds until the service is provided. Any funds left in the account for services not provided must be returned to the client within 30 days of the request.
- Counselors shall not engage, or attempt to engage, in sexual misconduct with a current or former patient, client, or key party. Sexual misconduct shall constitute grounds for disciplinary action.
- Counselors are subject to the mandatory reporting requirements of chapter [246-16](#) WAC.

Definition of Counselor: "Counselor" means an individual who engages in the practice of counseling to the public for a fee, including for the purposes of this chapter, agency affiliated counselors, certified counselors, certified advisers, hypnotherapists, and until July 1, 2010, registered counselors.

Definition of Hypnotherapist: "Hypnotherapist" means a person registered under chapter 18.19 RCW, and this chapter, who is practicing hypnosis as a modality.

Exemptions: Nothing in this chapter may be construed to prohibit or restrict:

- (1) The practice of a profession by a person who is either registered, certified, licensed, or similarly regulated under the laws of this state and who is performing services within the person's authorized scope of practice, including any attorney admitted to practice law in this state when providing counseling incidental to and in the course of providing legal counsel;
- (2) The practice of counseling by an employee or trainee of any federal agency, or the practice of counseling by a student of a college or university, if the employee, trainee, or student is practicing solely under the supervision of and accountable to the agency, college, or university, through which he or she performs such functions as part of his or her position for no additional fee other than ordinary compensation;
- (3) The practice of counseling by a person for no compensation;
- (4) The practice of counseling by persons offering services for public and private nonprofit organizations or charities not primarily engaged in counseling for a fee when approved by the organizations or agencies for whom they render their services;

(5) Evaluation, consultation, planning, policy-making, research, or related services conducted by social scientists for private corporations or public agencies;

(6) The practice of counseling by a person under the auspices of a religious denomination, church, or organization, or the practice of religion itself;

(7) The practice of counseling by peer counselors who use their own experience to encourage and support people with similar conditions or activities related to the training of peer counselors; and

(8) Counselors who reside outside Washington state from providing up to ten days per quarter of training or workshops in the state, as long as they do not hold themselves out to be registered or certified in Washington state. [[2008 c 135 § 5](#); [2001 c 251 § 20](#); [1987 c 512 § 4](#).]

States with Explicit Guidelines for Licensure Exemption

California

Registration Requirement: Per California Business & Professions Code Section 2908, quoted below, psychologists and qualified members of other recognized professional groups licensed to practice in the State of California are permitted to practice hypnosis, provided that non-psychologists do not state or imply that they are licensed to practice psychology.

Eligibility:

Relevant Regulation(s): BPC § 2908 “Nothing in this chapter shall be construed to prevent qualified members of other recognized professional groups licensed to practice in the State of California, such as, but not limited to, physicians, clinical social workers, educational psychologists, marriage and family therapists, licensed professional clinical counselors, optometrists, psychiatric technicians, or registered nurses, or attorneys admitted to the State Bar of California, or persons utilizing hypnotic techniques by referral from persons licensed to practice medicine, dentistry, or psychology, or persons utilizing hypnotic techniques which offer avocational or vocational self-improvement and do not offer therapy for emotional or mental disorders, or duly ordained members of the recognized clergy, or duly ordained religious practitioners from doing work of a psychological nature consistent with the laws governing their respective professions, provided they do not hold themselves out to the public by any title or description of services incorporating the words “psychological,” “psychologist,” “psychology,” “psychometrist,” “psychometrics,” or “psychometry,” or that they do not state or imply that they are licensed to practice psychology; except that persons licensed under Chapter 13.5 (commencing with Section 4989.10) of Division 2 may hold themselves out to the public as licensed educational psychologists.”

Pursuant to BPC § 2053.5, a person who advertises any services that are not unlawful under Section 2051 or 2052 pursuant to subdivision (a) shall disclose in the advertisement that he or she is not licensed by the state as a healing arts practitioner.

A person who provides services pursuant to Section 2053.5 that are not unlawful under Section 2051 or 2052 shall, prior to providing those services, do the following:

- Disclose to the client in a written statement using plain language the following information:
- That he or she is not a licensed physician.
- That the treatment is alternative or complementary to healing arts services licensed by the state.
- That the services to be provided are not licensed by the state.
- The nature of the services to be provided.
- The theory of treatment upon which the services are based.
- His or her educational, training, experience, and other qualifications regarding the services to be provided.
- Obtain a written acknowledgment from the client stating that he or she has been provided with the information described above. The client shall be provided with a copy of the written acknowledgment, which shall be maintained by the person providing the service for three years.

The information required by subdivision (a) shall be provided in a language that the client understands.

Colorado

Eligibility: Hypnosis falls under the practice of psychology pursuant to CO Code 12-45-303. Unlicensed psychotherapists may practice in CO by applying for registration in the State Board of Unlicensed Psychotherapists database.

Relevant Regulation(s): 12-245-303. Practice of psychology defined.

(2) The practice of psychology includes:

- (b) Counseling, psychoanalysis, psychotherapy, hypnosis, biofeedback, and behavior analysis and therapy;
- (g) The supervision of any of the practices described in this subsection (2).

CO Rev Stat § 12-245-202 (2020) changes the title “registered psychotherapist” to “unlicensed psychotherapist” for all psychotherapists on the registry as of the law’s effective date.

CO Code § 12-245-703 (2021) established the State Board of Unlicensed Psychotherapists, which is tasked with maintaining a database of all unlicensed psychotherapists.

A person not otherwise licensed, registered, or certified pursuant to article 245 who is practicing psychotherapy in CO must register with the board by submitting the person’s name, current address, educational qualifications, disclosure statements, therapeutic orientation or methodology, or both, years of experience in each specialty area, and whether the unlicensed psychotherapist has been convicted of, or entered a plea of guilty or nolo contendere to, any felony or misdemeanor. Upon receipt and review of the required information, the board may approve the psychotherapist for registration in the database. An unlicensed psychotherapist must also complete a jurisprudence exam to be approved by the Board for registration.

An unlicensed person whose primary practice is psychotherapy or who holds himself or herself out to the public as able to practice psychotherapy for compensation shall not practice psychotherapy unless the person is registered with the board and included in the database. An unlicensed psychotherapist shall not use the term “licensed”, “certified”, “clinical”, “state-approved”, or any other term or abbreviation that would falsely give the impression that the psychotherapist or the service that is being provided is recommended by the state, based solely on inclusion in the database.

Any unlicensed person who practices psychotherapy without first complying with the registration requirements is subject to penalties pursuant to section 12-20-407 (1)(a).

Definition of Unlicensed Psychotherapist: "Unlicensed psychotherapist" means a person:

- Whose primary practice is psychotherapy or who holds himself or herself out to the public as being able to practice psychotherapy for compensation; and

- Who is registered with the state board of unlicensed psychotherapists pursuant to section 12-245-703 to practice psychotherapy in this state.

"Unlicensed psychotherapist" also includes a person who:

- Is a licensed school psychologist licensed pursuant to section 22-60.5-210 (1)(b);
- Is practicing outside of a school setting; and
- Is registered with the state board of unlicensed psychotherapists pursuant to section 12-245-703.

Florida

Eligibility: Hypnosis practitioners in Florida must be licensed to practice “one of the healing arts” or be directly supervised by someone who is.

Relevant Regulation(s):

§ 485.004 It shall be unlawful for any person to engage in the practice of hypnosis for therapeutic purposes unless such person is a practitioner of one of the healing arts, as herein defined, or acts under the supervision, direction, prescription, and responsibility of such a person.

§ 490.0141 Practice of hypnosis.—A licensed psychologist who is qualified as determined by the board may practice hypnosis as defined in s. 485.003(1). The provisions of this chapter may not be interpreted to limit or affect the right of any person qualified pursuant to chapter 485 to practice hypnosis pursuant to that chapter or to practice hypnosis for nontherapeutic purposes, so long as such person does not hold herself or himself out to the public as possessing a license issued pursuant to this chapter or use a title protected by this chapter.

Definition of Hypnosis: “Hypnosis” shall mean hypnosis, hypnotism, mesmerism, posthypnotic suggestion, or any similar act or process which produces or is intended to produce in any person any form of induced sleep or trance in which the susceptibility of the person’s mind to suggestion or direction is increased or is intended to be increased, where such a condition is used or intended to be used in the treatment of any human ill, disease, injury, or for any other therapeutic purpose.

Definition of Practitioner of the Healing Arts: “Practitioner of the healing arts” shall mean a person licensed under the laws of the state to practice medicine, surgery, psychiatry, dentistry, osteopathic medicine, chiropractic medicine, naturopathy, podiatric medicine, chiropody, psychology, clinical social work, marriage and family therapy, mental health counseling, or optometry within the scope of his or her professional training and competence and within the purview of the statutes applicable to his or her respective profession, and who may refer a patient for treatment by a qualified person, who shall employ hypnotic techniques under the supervision, direction, prescription, and responsibility of such referring

practitioner.

Definition of Qualified Person: “Qualified person” shall mean a person deemed by the referring practitioner to be qualified by both professional training and experience to be competent to employ hypnotic technique for therapeutic purposes, under supervision, direction, or prescription.

Illinois

Eligibility: Hypnosis is largely unregulated in Illinois and can be practiced without a license, provided that the practitioner does not otherwise engage in clinical psychology or the practice of medicine.

Relevant Regulation(s): 225 ILCS 15/1 “Nothing in this Act shall be construed to prevent a person from practicing hypnosis without a license issued under this Act provided that the person (1) does not otherwise engage in the practice of clinical psychology including, but not limited to, the independent evaluation, classification, and treatment of mental, emotional, behavioral, or nervous disorders or conditions, developmental disabilities, alcoholism and substance abuse, disorders of habit or conduct, and the psychological aspects of physical illness, (2) does not otherwise engage in the practice of medicine including, but not limited to, the diagnosis or treatment of physical or mental ailments or conditions, and (3) does not hold himself or herself out to the public by a title or description stating or implying that the individual is a clinical psychologist or is licensed to practice clinical psychology.”

Definition of Clinical Psychology: "Clinical psychology" means the independent evaluation, classification, diagnosis, and treatment of mental, emotional, behavioral or nervous disorders or conditions, developmental disabilities, alcoholism and substance abuse, disorders of habit or conduct, and the psychological aspects of physical illness. The practice of clinical psychology includes psychoeducational evaluation, therapy, remediation and consultation, the use of psychological and neuropsychological testing, assessment, psychotherapy, psychoanalysis, hypnosis, biofeedback, and behavioral modification when any of these are used for the purpose of preventing or eliminating psychopathology, or for the amelioration of psychological disorders of individuals or groups. "Clinical psychology" does not include the use of hypnosis by unlicensed persons pursuant to Section 3.

New Jersey

Eligibility: Licensure is not required in New Jersey for those who practice “hypnocounseling” to assist clients with stress management not related to a medical or mental health disorder, altering habits such as smoking and weight management, increasing client motivation in employment, the workplace and in

sports activities, and enhancing creative, artistic and scholastic endeavors. Hypnotherapy is included within the scope of services of a licensed psychologist per N.J. Admin. Code § 13:42-1.1.

Relevant Regulation(s):

§ 13:42-1.2 Persons not requiring licensure are limited to persons engaged in the practice of hypnotherapy as well as those whose conduct and practice is exempt from licensure pursuant to this subchapter.

1) For purposes of this subsection, hypnotherapy means the induction of a hypnotic state by applying individualized techniques to induce hypnosis in order to assist clients with stress management not related to a medical or mental health disorder, altering habits such as smoking and weight management, increasing client motivation in employment, the workplace and in sports activities and enhancing creative, artistic and scholastic endeavors.

2) The services of a hypnotherapist shall be limited to:

i) Interviewing a client to determine the nature of the client's problem;

ii) Assessing the client's suitability for hypnotherapy;

iii) Testing a prospective client to determine the client's level of suggestibility;

iv) Preparing clients for hypnosis through an explanation of the process and procedures used as well as a description of the resulting hypnotic state to be experienced by the client;

v) Teaching self-hypnosis to clients;

vi) Inducing the hypnotic state; and

vii) Applying hypnotic techniques.

§ 13:42-1.1 (a) The scope of practice of a licensed psychologist includes, but is not limited to, the use or advertisement of the use of theories, principles, procedures, techniques or devices of psychology, whether or not for a fee or other recompense. Psychological services include, but are not limited to:

4. Use of psychological procedures, which are applications employing the principles of psychology and associated techniques, instruments and devices. These procedures include, but are not limited to, psychological interviews, counseling, psychotherapy, hypnotherapy, biofeedback, and psychological assessments.

Eligibility: Pursuant to Utah Code § 58-61-307, an individual may perform hypnosis without being licensed provided they do not engage in mental health therapy, use hypnosis to treat a medical or psychological condition, or represent themselves using the title of a license classification.

Relevant Regulation(s):

§ **58-60-107** (2) In addition to the exemptions from licensure in Section [58-1-307](#), the following when practicing within the scope of the license held, may engage in acts included within the definition of practice as a psychologist, subject to the stated circumstances and limitations, without being licensed under this chapter:

- (e) an individual engaged in performing hypnosis who is not licensed under this title in a profession which includes hypnosis in its scope of practice, and who:
 - (i) (A) induces a hypnotic state in a client for the purpose of increasing motivation or altering lifestyles or habits, such as eating or smoking, through hypnosis;
 - (B) consults with a client to determine current motivation and behavior patterns;
 - (C) prepares the client to enter hypnotic states by explaining how hypnosis works and what the client will experience;
 - (D) tests clients to determine degrees of suggestibility;
 - (E) applies hypnotic techniques based on interpretation of consultation results and analysis of client's motivation and behavior patterns; and
 - (F) trains clients in self-hypnosis conditioning;
 - (ii) may not:
 - (A) engage in the practice of mental health therapy;
 - (B) represent himself using the title of a license classification in Subsection [58-60-102\(5\)](#); or
 - (C) use hypnosis with or treat a medical, psychological, or dental condition defined in generally recognized diagnostic and statistical manuals of medical, psychological, or dental disorders;

§ **58.60.109** As used in this chapter, “unlawful conduct” includes:

- representing oneself as or using the title of any of the following unless currently licensed in a license classification under this title:
 - o psychiatrist;
 - o psychotherapist;
 - o clinical hypnotist;

Hypnosis Definition: "Hypnosis" means, when referring to individuals exempted from licensure under this chapter, a process by which an individual induces or assists another individual into a hypnotic state without the use of drugs or other substances and for the purpose of increasing motivation or to assist the individual to alter lifestyles or habits.

States with No Specific Regulations on the Practice of Hypnosis

Many of the states below address hypnotherapy as part of a psychologist’s practice and do not refer to it as a separate practice (as far as the research showed). While the states above regulate hypnotherapy as a potentially distinct service, many of those below did not have specific statutes on the practice of hypnotherapy absent an underlying qualification as a psychologist. States listed with no information have no mention of hypnosis or hypnotherapy in their legal code.

Delaware

While Delaware Code includes hypnosis under the definition of “practice of psychology,” the Office of Workers’ Compensation Health Care Practice Guidelines for chronic pain treatment also includes hypnosis under the Complementary Alternative Medicine (CAM) category.

Relevant Regulation(s):

24 Delaware Code § 3502. (5) “Practice of psychology” shall mean the observation, description, evaluation, interpretation and modification of human behavior by the application of psychological principles, methods, and/or procedures, for the purpose of preventing or eliminating symptomatic, maladaptive or undesired behavior, and of enhancing interpersonal relationships, work and life adjustment, personal effectiveness, behavioral health and mental health.

The practice of psychology includes psychological testing and the evaluation or assessment of personal characteristics, such as intelligence, personality, abilities, interests, aptitudes and neuropsychological function; counseling, psychoanalysis, psychotherapy, hypnosis, biofeedback, and behavior analysis and therapy; diagnosis and treatment of mental and emotional disorder or disability, alcoholism and substance abuse, disorders of habit or conduct, as well as the psychological aspects of physical illness, accident, injury or disability; and psychoeducational evaluation, therapy, remediation, and consultation. Psychological services may be rendered to individuals, families, groups, organizations, institutions and the public.

19 Delaware Code § 1342B. 6.4.3 COMPLEMENTARY ALTERNATIVE MEDICINE (CAM) is a term used to describe a broad range of treatment modalities, a number of which are generally accepted and supported by some scientific evidence, and others which still remain outside the generally accepted practice of conventional Western Medicine. In many of these approaches, there is attention given to the relationship between physical, emotional, and spiritual well-being. While CAM may be performed by a myriad of both licensed and nonlicensed health practitioners with training in one or more forms of therapy, credentialed practitioners should be used when available or applicable.

Although CAM practices are diverse and too numerous to list, they can be generally classified into five domains:

6.4.3.2 **Mind-Body Interventions:** These include practices such as hypnosis, meditation, bioenergetics, and prayer.

§ 3811 2. Psychologist. A person practices as a "psychologist" within the meaning of this chapter when he holds himself out to be a psychologist, or renders to individuals or to the public for remuneration any service involving the application of recognized principles, methods and procedures of the science and profession of psychology. Services which may be provided by psychologists include diagnosing, assessing and treating mental, emotional and psychological illness, disorders, problems and concerns and evaluation and treatment of vocational, social, educational, behavioral, intellectual and learning and cognitive disorders. These functions are performed through recognized psychological techniques such as, but not limited to, psychological testing, psychological interviews, psychological assessments, psychotherapy, personality counseling, behavior modification, cognitive therapies, learning therapies, biofeedback, hypnotherapy and psychological consultation to individuals and organizations.

§ 12522.1 Medicines and therapies. A naturopathic doctor may use and order for preventative and therapeutic purposes the following natural medicines and therapies: food, food extracts, vitamins, minerals, enzymes, digestive aids, whole gland thyroid and other natural hormones, plant substances, all homeopathic preparations, immunizations, counseling, hypnotherapy, biofeedback, dietary therapy, naturopathic manipulative therapy, naturopathic physical medicine, therapeutic devices, barrier devices for contraception and office procedures. Naturopathic doctors may also prescribe medications, including natural antibiotics and topical medicines, within the limitations set forth in subsection 4. This subsection may not be construed to prevent an individual other than a naturopathic doctor from using, ordering or recommending any of the above listed items as long as the individual is not prohibited from doing so by any other federal or state statute or regulation.

Minnesota

Minnesota code includes "hypnosis" in the scope of practice of psychology and "hypnotherapy" in the scope of practice of naturopathic medicine. The use of hypnosis is considered to be "practicing medicine" if used for the treatment or relief of any wound, fracture, or bodily injury, infirmity, or disease, unless it is performed by any person licensed by a health-related licensing board or registered by the commissioner of health, provided that the person confines their activities within the scope of their license.

Relevant Regulation(s):

§ 148.89 Subd. 5. "Practice of psychology" means the observation, description, evaluation, interpretation, or modification of human behavior by the application of psychological principles, methods, or procedures for any reason, including to prevent, eliminate, or manage symptomatic, maladaptive, or undesired behavior and to enhance interpersonal relationships, work, life and developmental adjustment, personal and organizational effectiveness, behavioral health, and mental health. The practice of psychology includes, but is not limited to, the following services, regardless of whether the provider receives payment for the services:

(4) psychotherapy, including but not limited to, categories such as behavioral, cognitive, emotive, systems, psychophysiological, or insight-oriented therapies; counseling; hypnosis; and diagnosis and treatment of

§ 147E.05 Subd. 1. (a) The practice of naturopathic medicine includes, but is not limited to, the following services:

(1) ordering, administering, prescribing, or dispensing for preventive and therapeutic purposes: food, extracts of food, nutraceuticals, vitamins, minerals, amino acids, enzymes, botanicals and their extracts, botanical medicines, herbal remedies, homeopathic medicines, dietary supplements and nonprescription drugs as defined by the Federal Food, Drug, and Cosmetic Act, glandulars, protomorphogens, lifestyle counseling, hypnotherapy, biofeedback, dietary therapy, electrotherapy, galvanic therapy, oxygen, therapeutic devices, barrier devices for contraception, and minor office procedures, including obtaining specimens to assess and treat disease;

§ 147.081 Subd. 3. Practice of medicine defined.

For purposes of this chapter, a person not exempted under section 147.09 is "practicing medicine" or engaged in the "practice of medicine" if the person does any of the following:

(5) offers to undertake to use hypnosis for the treatment or relief of any wound, fracture, or bodily injury, infirmity, or disease.

§ 147.09 Section [147.081](#) does not apply to, control, prevent or restrict the practice, service, or activities of:

(9) Any person licensed by a health-related licensing board, as defined in section [214.01, subdivision 2](#), or registered by the commissioner of health pursuant to section [214.13](#), including psychological practitioners with respect to the use of hypnosis; provided that the person confines activities within the scope of the license.

337.015. Practice of psychology regulated — practice of psychology, defined. — 1. No person shall represent himself as a psychologist in the state of Missouri unless he is validly licensed and registered under the provisions of this chapter. No person shall engage in the practice of psychology in the state of Missouri unless he is validly licensed and registered under the provisions of this chapter unless otherwise exempt under the provisions of sections 337.010 to 337.090.

2. A person represents himself as a "psychologist" within the meaning of this chapter when he holds himself out to the public by any title or description of services incorporating the words "psychology", "psychological", or "psychologist", or any term of like import, "psychometry", "psychometrics", "psychometrist", "psychotherapy", "psychotherapists", "psychoanalysis", "psychoanalyst", or variants thereof or when the person purports to be trained, experienced or an expert in the field of psychology, and offers to render or renders services as defined below to individuals, groups, organizations, or the public for a fee, monetary or otherwise; provided, however, that professional counselors licensed to practice under this chapter, or a physician licensed to practice pursuant to chapter 334, who specializes in psychiatry, may use any of such terms except "psychology", "psychological", or "psychologist" so long as such is consistent with their respective licensing laws.

3. The "practice of psychology" within the meaning of this chapter is defined as the observation, description, evaluation, interpretation, treatment, and modification of human behavior by the application of psychological principles, methods, and procedures, for the purpose of preventing, treating, or eliminating symptomatic, maladaptive, or undesired behavior and of enhancing interpersonal relationships, work and life adjustment, personal effectiveness, behavioral health, and mental health. The practice of psychology includes, but is not limited to, psychometric or psychological testing and the evaluation or assessment of personal characteristics, such as intelligence, personality, abilities, interests, aptitudes, and neuropsychological functioning; counseling, psychoanalysis, psychotherapy, hypnosis, biofeedback, and behavior analysis and therapy; diagnosis and treatment of mental and emotional disorder or disability in both inpatient and outpatient settings, alcoholism and substance abuse, disorders of habit or conduct, as well as the psychological aspects of physical illness, accident, injury, or disability; psychoeducational evaluation, therapy, remediation, and consultation; and teaching and training of psychological competence. Psychological services may be rendered to individuals, families, groups, and the public. The practice of psychology shall be construed within the meaning of this definition without regard to whether payment is

received for services rendered.

4. The application of these principles and methods includes, but is not restricted to: diagnosis, prevention, treatment, and amelioration of adjustment problems and emotional and mental disturbances of individuals and groups; hypnosis; counseling; educational and vocational counseling; personnel selection and management; the evaluation and planning for effective work and learning situations; advertising and market research; and the resolution of interpersonal and social conflicts.

Rev. Code § 4732.01 (C) "Psychological procedures" include but are not restricted to application of principles, methods, or procedures of understanding, predicting, or influencing behavior, such as the principles pertaining to learning, conditioning, perception, motivation, thinking, emotions, or interpersonal relationships; the methods or procedures of verbal interaction, interviewing, counseling, behavior modification, environmental manipulation, group process, psychological psychotherapy, or hypnosis; and the methods or procedures of administering or interpreting tests of mental abilities, aptitudes, interests, attitudes, personality characteristics, emotions, or motivation.

Administrative Code § 4732-5-01 (A) Consistent with division (A)(7) of section 4732.22 of the Revised Code, persons regulated under other sections of the Revised Code can use hazardous psychological procedures when consistent with their professions, provided they do not hold themselves out to the public by the title "psychologist." As defined in division (A) of section 4732.01 of the Revised Code, using the terms "psychologic," "psychological," or "psychology" in describing the services offered constitutes holding oneself out to the public as a psychologist even though use of the procedures under other names may be permitted, as provided by law.

(B) The following psychological procedures are a serious hazard to mental health as that term is defined in paragraph (L) of rule 4732-3-01 of the Administrative Code and require professional expertise in psychology:

(4) Hypnotic techniques for diagnostic, treatment, or other psychotherapeutic purposes

Administrative Code § 4732-3-01 (L) "Serious hazard to mental health" occurs where an individual is at substantial risk of developing a mental disorder or to be at substantial risk of increasing the severity of an existing mental disorder.

Appendix IV - COPYRIGHT POLICY

Copyright Policy

The Institute of Interpersonal Hypnotherapy strictly prohibits the illegal copying of copyrighted texts, publications, documents, and computer software or peer to peer file sharing.

Instructors may only copy portions of texts for single use as handouts to illustrate lesson plans, as permitted by federal copyright law. Students may not illegally copy texts or software for distribution, use, or sale.

If this policy is violated, the person responsible will be subject to disciplinary action, up to and including termination or dismissal.

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work.

In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties.

In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For “willful” infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees.

For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. For more information, please see the website of the U.S. Copyright Office at: www.copyright.gov.
